November 10, 2025

WELCOME TO THE 7th NEWSLETTER.
Welcome back to Innovation
Same faces, different places!!!

These are the faces of Carol and Katherine...the people that you talk to on the phone, who you get emails from!!! These are the people who want to hear from you when your children are going to be late or absent. It is so important that we know early and understand why, when we call, we are doing it out of concern for the children.

Email Carol at carol.bartlett@amesburyma.org

Evan had his first all-student meeting and gave them the rules on where to go, where **NOT** to go and explained how he wants to make this the students' "home-away-from-home" for as long as we are there.

This is the door students will come into. It is on Childs Avenue and it is Door 7. Hopefully there will be a buzzer soon....Carol sits at the door from 8:30 - 9:30 to let students in. After that please call and we will meet you!

We have people to thank and you should know about them!

We would like to thank the maintenance people who helped get us up and running within 24 hours. The IT Department, Ben, Jason, and Nick who came to our aid and got all of our computers and copiers ready and moved over from 71 Friend Street, and could not have been more gracious. Our staff who were all present and ready to take on this challenge. Packing and bringing boxes, organizing and setting up their classrooms--all to be ready for Monday. Superintendent McAndrews who offered her support, knowledge and advice, AMS Principal, Doug Nebel and his staff who could not have been more accommodating in making us feel welcome. And finally Jim McCarthy, Director of Maintenance, Shawn Foley, and Kevin Levesque from maintenance who found and shlepped us desks and chairs and tables from the basement. Whatever we asked...no request was too much. And finally...Evan!! He fielded questions, made decisions and listened to advice. We could not have asked for a better captain at the helm.

Shawn Foley, bringing us our precious copier. He was here at 4 AM to get prepared for us. We could not have been as "buttoned up" and ready to go, if it weren't for Shawn. He worked so hard

Sights and Sounds of the first week: Thank you Flatbreads!!

Evan delivering the pizzas Gayle & Beth "Twinning"

Evan decided it would be a Working Lunch with pizza Rose Forgiore waiting patiently for pizza

Finally, Milyna, Liv, Vinny and Rae are back at the precious blue lunch table that everyone insisted needed to be brought over from the old building...made themselves right at home!
