ACCESSIBILITY, DIVERSITY AND INCLUSION

Supporting District Resources: Many of our district's digital Library Media resources support our accessibility, diversity and inclusion initiatives.

TeachingBooks provides supplemental resources to support teaching with texts that have themes of inclusion and represent diverse cultures and perspectives.

Gale Databases provide accessibility features that scaffold primary and secondary source informative text for all learners and support English Language Learners (ELL).

World Book Online provides accessibility features that scaffold primary and secondary source informative text for all learners and support English Language Learners (ELL).

Large Print and Braille texts can also be provided for scholars that can benefit from their inclusion in the Library Media collection. These text formats can also be noted in the **Collection Details** section.

Current Accessibility, Diversity and Inclusion Collection Goal(s):

Goal 1: Increase the number of books our ESE/ASD students check out by at least 5% in the 25-26 School Year.

Goal 2: Increase the number of books about physical disabilities and special needs topics from 129 to 150 in the 25-26 school year.

GENERAL PRIORITIES, LIMITATIONS AND POLICIES

Formats Available: Print, eBook, Audiobook

Multiple Copies Policy:

In general, multiple copies (more than 3) of any title should be avoided except for when the purpose of the material purchase is to provide duplicate copies, as outlined in the School Improvement Plan, etc. Requests for use of district Library Media funds for this purpose are approved by the Program Coordinator of Library Media on a case-by-case basis.

Languages: Spanish language books are purchased for our ESOL students in grades 3-5.

Funding Sources: Library Media Department allocation, fundraising through book fairs, school funds, PTA, Title I

Complaints and Censorship:

Parents and county residents can request Library Media materials for review by contacting the school that provides access to the material. If it is a district resource, parents and county residents should contact the Program Coordinator of Library Media. For formal objections to Library Media materials, please complete the [Objection to Instructional Material and/or Media Material form](#). See complete [School Board Policy 2510](#).

Gifts/Donation Policy:

Schools reserve the right to accept or deny all Library Media material donations and gifts. Any donations must be reviewed by a certified Library Media Technology Specialist before the materials can be made available and accessible to students. This should be communicated to all donors.

Inventory and Weeding Process:

Annually, by the last day of the school year, each school will complete an inventory of all physical library materials. The removal or discontinuance of school Library Media materials and resources, through a process called weeding, is determined by a continuous review of the existing collection, both print and digital. In the removal process, many factors are taken into consideration including, but not limited to, space constraints, time-sensitivity of material, physical condition of the material, and circulation data. The certified Library Media Technology Specialist is responsible for the periodic removal or weeding of Library Media materials. Information and training regarding the weeding process and best practices will be provided annually and as needed by the Program Coordinator of Library Media.

DIGITAL RESOURCE PURPOSE AND SCOPE

eBook/Audiobook Purpose: eBooks and Audiobooks provide students with diverse ways to engage with literature. They enhance reading skills, foster a love for stories, and support different learning styles. With accessible formats, these resources help students build vocabulary and comprehension while allowing them to enjoy stories at their own pace.
