College Board AP Classes

<https://apscore.collegeboard.org/scores>

The student must create a free College Board account and forward his/her scores from College Board to the college that he/she will be attending. Most colleges would give college credit if the student scored a 3 or better on the test. However, it is the responsibility of the student to find out what the AP score policy is for the college he/she will be attending.

AP Test Registration will take place in November and the process is completely electronic. Tests are approximately \$97.00 (TBD) and take place in May. There are strict deadlines to register for the exams. Exam results are released in July.

Co Registration classes include:

- AP Biology
- AP Calculus
- AP US History
- AP Government
- AP Psychology
