

Veterans Day Assembly

11.11.1938

Today at Grant Union Jr/Sr High School, we were honored to host several veterans for a special all-district Veterans Day assembly. Students and staff from across the district came together to show appreciation for the brave men and women who have served our country.

After the assembly, our guest veterans joined classes to share personal stories about their time in the military and what serving our country means to them.

It was an inspiring event that allowed students to learn more about the meaning of Veterans Day and to personally thank those who have protected our country.

Grant Union Jr/Sr High School is grateful to our veterans for their courage, service, and commitment to keeping our nation safe.
