

Title IV at CASD

What is Title IV funding and where is it used in CASD?

Title IV funding can be used to support any district initiative that is encouraging well-rounded educational opportunities, safe and healthy students, and the effective use of technology. We use this funding across all of CASD's K-12 buildings.

What do we use our Title IV funding for at CASD?

Title IV funds our Career Readiness Coordinator (CRC) position. The CRC supports all K-12 students and staff to facilitate learning opportunities in the classroom aligned to the Career Readiness PA standards.

These funds also go towards purchases that strengthen security at our building and across district facilities.
