Beginning August 12, 2024, Virgin Valley High School will continue implementing CCSD Policy 5136 regarding cell phones. Policy 5136 states that students may use personal technology and communication devices during scheduled nutrition or lunch periods, and school sponsored activities. During the instructional day, students may only use these devices with the approval of the principal. The following procedures shall be implemented throughout the campus to deter the misuse of personal technology and communication devices during instructional time.

- Cell phones, earbuds, headphones, etc., may **NOT** be used during instructional class periods, or when students use the restroom. Any improper use of student personal technological devices will result in confiscation and progressive disciplinary action.

- Teachers will direct students to place all cell phones in the Faraday pouch or in a backpack during instructional time.

- If any student refuses to put their phone in the cell phone pouch or backpack, the student will be escorted by a campus security monitor to the front office and subject to progressive discipline as the behavior is deemed insubordination.

- Confiscated phones will be placed in a sealed envelope and kept in the front office. The student may pick up the phone at the end of the school day.

- Lunch detention will be assigned to any student caught being dishonest by placing fake or non operative phones in the pouch or sealed envelope.
