HOURS: 24/7 7 days a week

**A Statewide program for youth and their families,
who are experiencing a behavioral health crisis.**

What We Do:

Mobile Crisis Response Team (MCRT) supports youth and families who want immediate help for any mental health/behavioral health situation or crisis with a child or adolescent in any community in Nevada. Crisis is different and unique for every youth and family, and may include concerns such as suicidal thoughts, self-harming behaviors, anxiety, depressed mood, anger and aggression, bullying, drug and alcohol or any other presenting concerns for which a youth or family wants immediate assessment, support and interventions.

Mobile Response uses a team approach of a clinician and case manager who will complete an assessment, provide immediate support and crisis interventions, short-term stabilization and case management services. Responses and stabilization services are provided in the families location of choice when possible and may be in community settings, home and/or through phone/video telehealth.
