2025-2026
Title I Language Translation

We are committed to serving families who prefer communication in a language other than English. Translation for Title I documents are provided in languages that our EL students in the Title I programs speak. However, the district will translate for additional languages upon request from the family.

We utilize translation services from the following services or providers:

- Global Wordsmiths
- TransPerfect
- Free Translation Online: https://translation2.paralink.com/

Please contact the Federal Programs Coordinator for more information.
