Participation in the Woodland Program is determined by the Individualized Education Plan (IEP) team. *Prerequisite: Current I.E.P. and teacher recommendation.*

WORK EXPERIENCE PROGRAM

Students interested in this program must consult with their counselor/case manager .

This program is open to all students employed a minimum of 15 hours per week, working shifts during the school day and receiving a W-2 at year's end. The philosophy of the program is that work experience, coupled with an employability skills seminar, assists young adults in making the transition from student to a member of the work force after trade school or college. This program is an alternative to regular classroom instruction. It provides the students with skills that will enable them to gain confidence, self-respect, and the ability to grow with the changing world.

The student **MUST** be at least 16 years old in order to participate in this program.
