

YOUTH IN GOVERNMENT

ELEVATING YOUTH VOICES

Youth in Government is an extracurricular, hands-on civic education program for students in grades 7–12 that teaches civic engagement in a nonpartisan way.

The program involves students in the executive, judicial, and legislative branches of government, as well as in media roles that provide experience in sharing political news through various forms of multimedia. Participants simulate running a state government and will take on roles such as legislators, judges, and media professions for a comprehensive civic experience.

**First Delegation Meeting on
November 10th, 6:30 – 8:00pm**

Registration & Program Information at:
