UIA联合学苑

UIA Global: Pioneering Future-Ready Education (Shanghai, China | Est. 2013)

Mission & Vision: UIA Global redefines international education through industry-academia integration and experiential learning. We cultivate globally competitive talents equipped with critical thinking, cross-cultural fluency, and hands-on innovation skills – bridging Eastern rigor with Western pedagogical excellence.

1- Flagship Dianshanhu Campus (Est. 2018):
- $18M investment
- 13.8-acre lakeside campus in Shanghai's ecological heart
- Unique Advantage: Direct access to Dianshan Lake ecosystem enabling immersive project-based learning in environmental science, agriculture, and resource management

2- Shanghai Songjiang Aiju School (UIA Global Network Campus | Songjiang District, Shanghai)
Strategically located in Shanghai's G60 Sci-Tech Innovation Corridor, Aiju School merges arts-infused bilingual education with rigorous academics. Serving Grades 1–12, its STEAM-Art curriculum integrates IB frameworks with Chinese cultural immersion, fostering multilingual literacy and creative problem-solving.

Four Core Programs:
- IYOne International Year One: Direct pathway to overseas Year 2
- American HS + AP: NGSS-aligned program with ecological research focus
- Industry-Academia Integration: Corporate projects across tech/finance/green energy
- 97% university progression rate (Top 100 worldwide)
- 50+ international partner universities
- 30+ corporate alliances driving student innovation
- 2024 Asia-Pacific Education Innovation Award recipient
