

Dear community member,

The Board of Education for the City Schools of Decatur has decided to proceed with a committee-led approach to evaluate K-2 Utilization, considering both “keep-open” and various consolidation scenarios, balancing the following four priorities:

1. Students First: Protect learning time & continuity
2. Safety & Operations: Reliable transportation and daily readiness
3. Equity & Access: Neighborhood walkability and inclusive supports
4. Fiscal Sustainability: Align enrollment with fixed costs and expenditures

Thank you for your participation and your willingness to serve on one of the four committees:

1. Safety & Operations
2. Student Experience
3. Facilities & Finance
4. Culture & Communication

The first committee meeting will take place tomorrow night during the already scheduled Public Forum. We hope you can attend this meeting and if not, we will send post-communication via email.

Thursday, November 13, 6:30-8:00 p.m.
Beacon Hill Middle School, Cafeteria
