I. PURPOSE

The purpose and intent of this Request for Proposal (“RFP”) is to solicit sealed proposals and enter into a contract(s) for the purchase of specified network equipment from a Vendor (“Offeror”, “Proposer”) that is needed to operate the Roanoke City Public Schools’ broadband Wide Area Network service and Internet access service, and to make the network fully functional. The Roanoke City Public Schools (“RCPS”) is also referred to as the School Board of the City of Roanoke (“Owner”, “Division”).

The Division intends to apply for discounts on the equipment/services listed herein through the federal E-Rate program. Several criteria and restrictions pertinent to the E-Rate program are included herein and must be met by the successful vendor in order for the proposal to be considered a Qualified Proposal. The Division also intends to use this contract as a master service agreement to be able to make purchases via this agreement outside of the E-Rate process.

II. STATEMENT OF NEED AND TECHNICAL SCOPE OF WORK

- A. The Vendor shall furnish and deliver the equipment according to the specifications in **Appendix A**. There are two worksheets in **Appendix A**.

A preferred equipment manufacturer and product numbers are listed in Appendix A, Tab 1 but the Division will consider proposals for equipment manufactured by other companies that is equivalent to the quality, functionality, and design of the equipment listed in Tab 1 of Appendix A subject to the restriction set forth in Subsection D below. Should a Vendor wish to include equipment manufactured by a different company in place of the equipment listed in Tab 1, they should complete Tab 2. The Division will be solely responsible for evaluating the equipment and determining whether the equipment is functionally equivalent. The Division’s determination shall be binding.
- C. The Offeror must not propose to sell equipment, or equipment that includes any components manufactured by any company that is deemed to pose an unacceptable risk to the national security of the United States or the security and safety of United States persons (“covered list”) pursuant to FCC regulations (47 C.F.R. § 1.50002. As of the issuance date of this RFP, the covered list includes telecommunications and/or video surveillance equipment and associated services manufactured by the companies listed at the FCC’s web page: <https://www.fcc.gov/supplychain> and <https://www.fcc.gov/supplychain/coveredlist>. Vendors are responsible for monitoring the FCC’s web site links to determine whether any other manufacturers are added to the covered list.

- D. The equipment that is proposed in Tab 1 and Tab 2 of Appendix A must be interoperable with and compatible with the Division's existing network equipment that is manufactured by Cisco Meraki. Bids for Tab 2 must contain a certification of interoperability by the Offeror. The equipment must be fully supported and managed with the online management interface of Meraki.cisco.com and compatible with all operations of the management interface including reporting.
- E. The equipment must be new in box and authorized for sale by Cisco Meraki in the United States. The equipment may not be "gray market" or refurbished. The Offeror must be authorized in the United States to sell the manufacturer's equipment listed in the Offeror's price proposal.
