- Students - 5 (.4%)
- No response/blank - 13 (.9%)

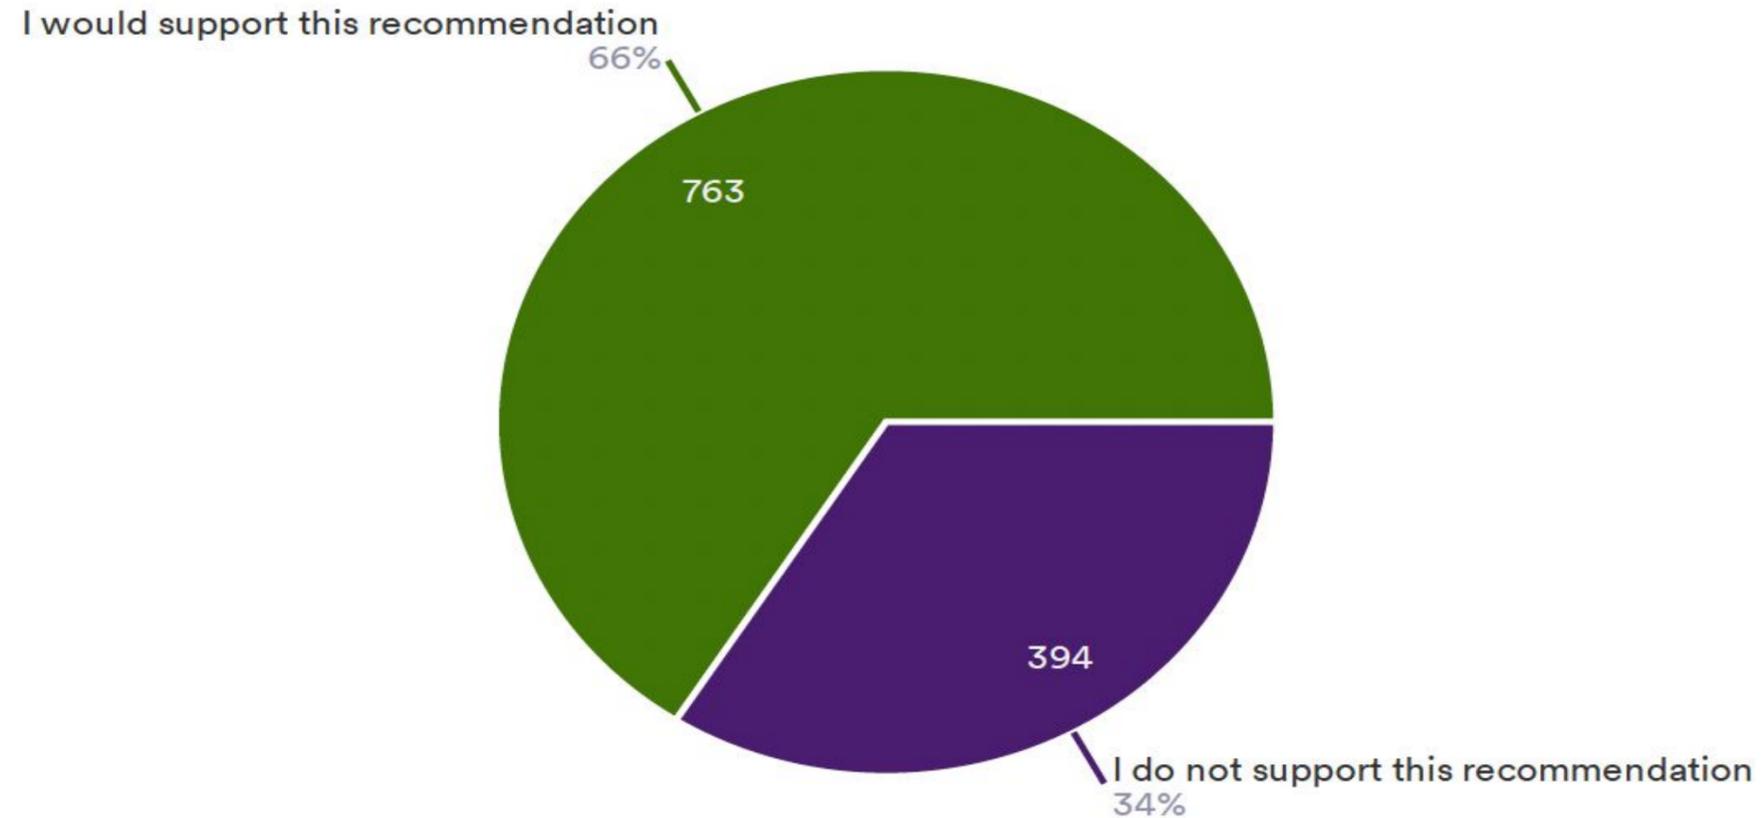

Group 1

Group 1 schools: Bessemer, Columbian, Corwin (4-8), Heritage, Minnequa. Based on the rightsizing criteria and available data for Group 1, the option for potential recommendation is to merge Columbian and Bessemer.

1157 Responses- 103 Empty

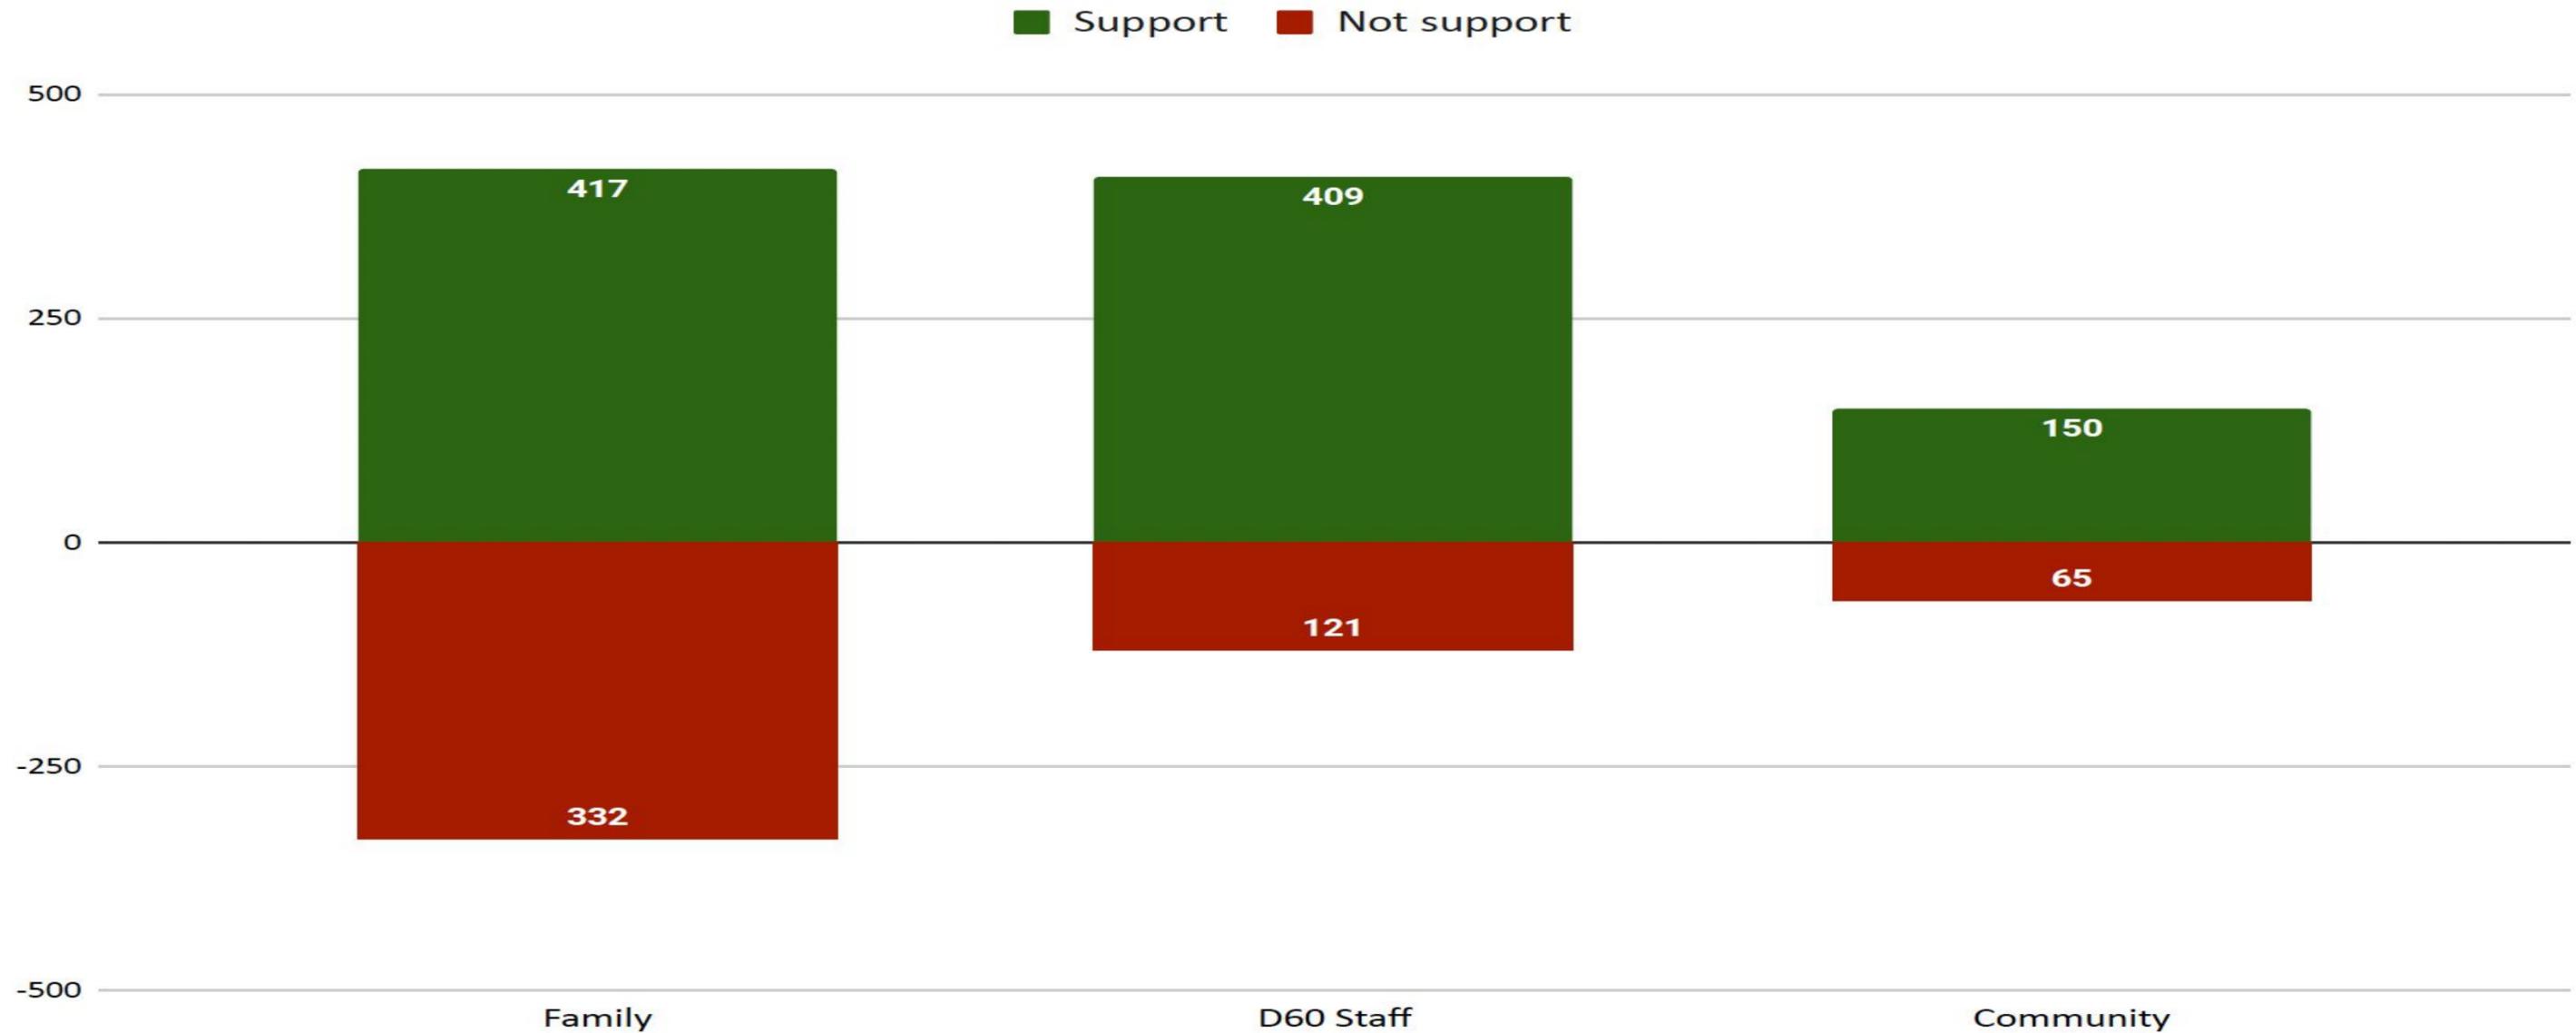

● I would support this recommendation ● I do not support this recommendation

Group 1

Group 1: Merge Columbian and Bessemer

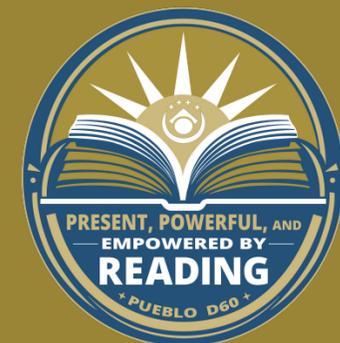

Comparison of Respondent Categories for Bessemer, Columbian, Corwin, Heritage and Minnequa

The posted totals are not reflective of the entire survey population, as some respondents were selective in the groupings they participated in.

Group 1: Written Response Themes

- Proximity makes merging logical
- Frustration after Carlile's closure – feel like they've been displaced once already
- Perceived accessibility concerns for Bessemer facility
- Loss of neighborhood school

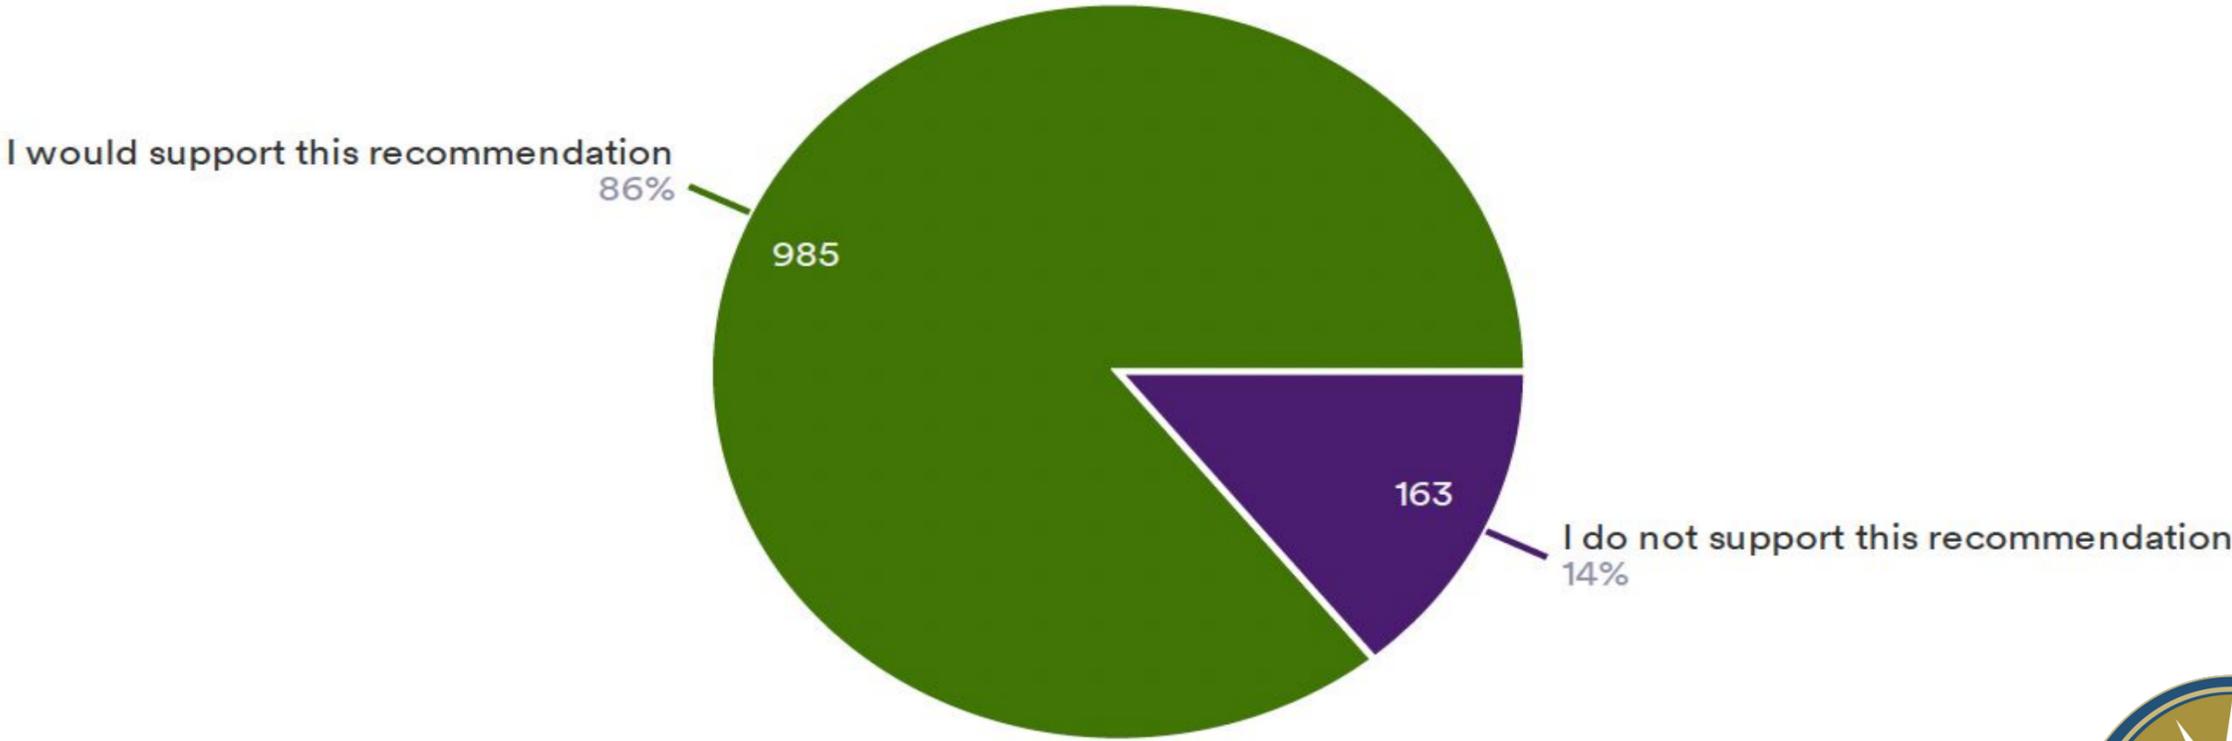

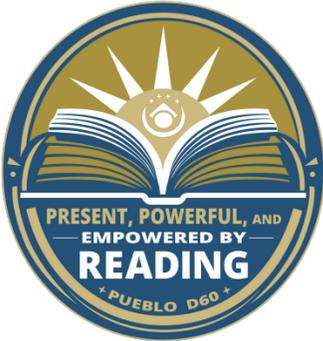

Group 2

Group 2 schools: Belmont, Franklin, Haaff, Heaton. Based on the rightsizing criteria and available data for Group 2, the primary option for potential recommendation was that no action be taken at any of these campuses.

1148 Responses- 112 Empty

● I would support this recommendation ● I do not support this recommendation

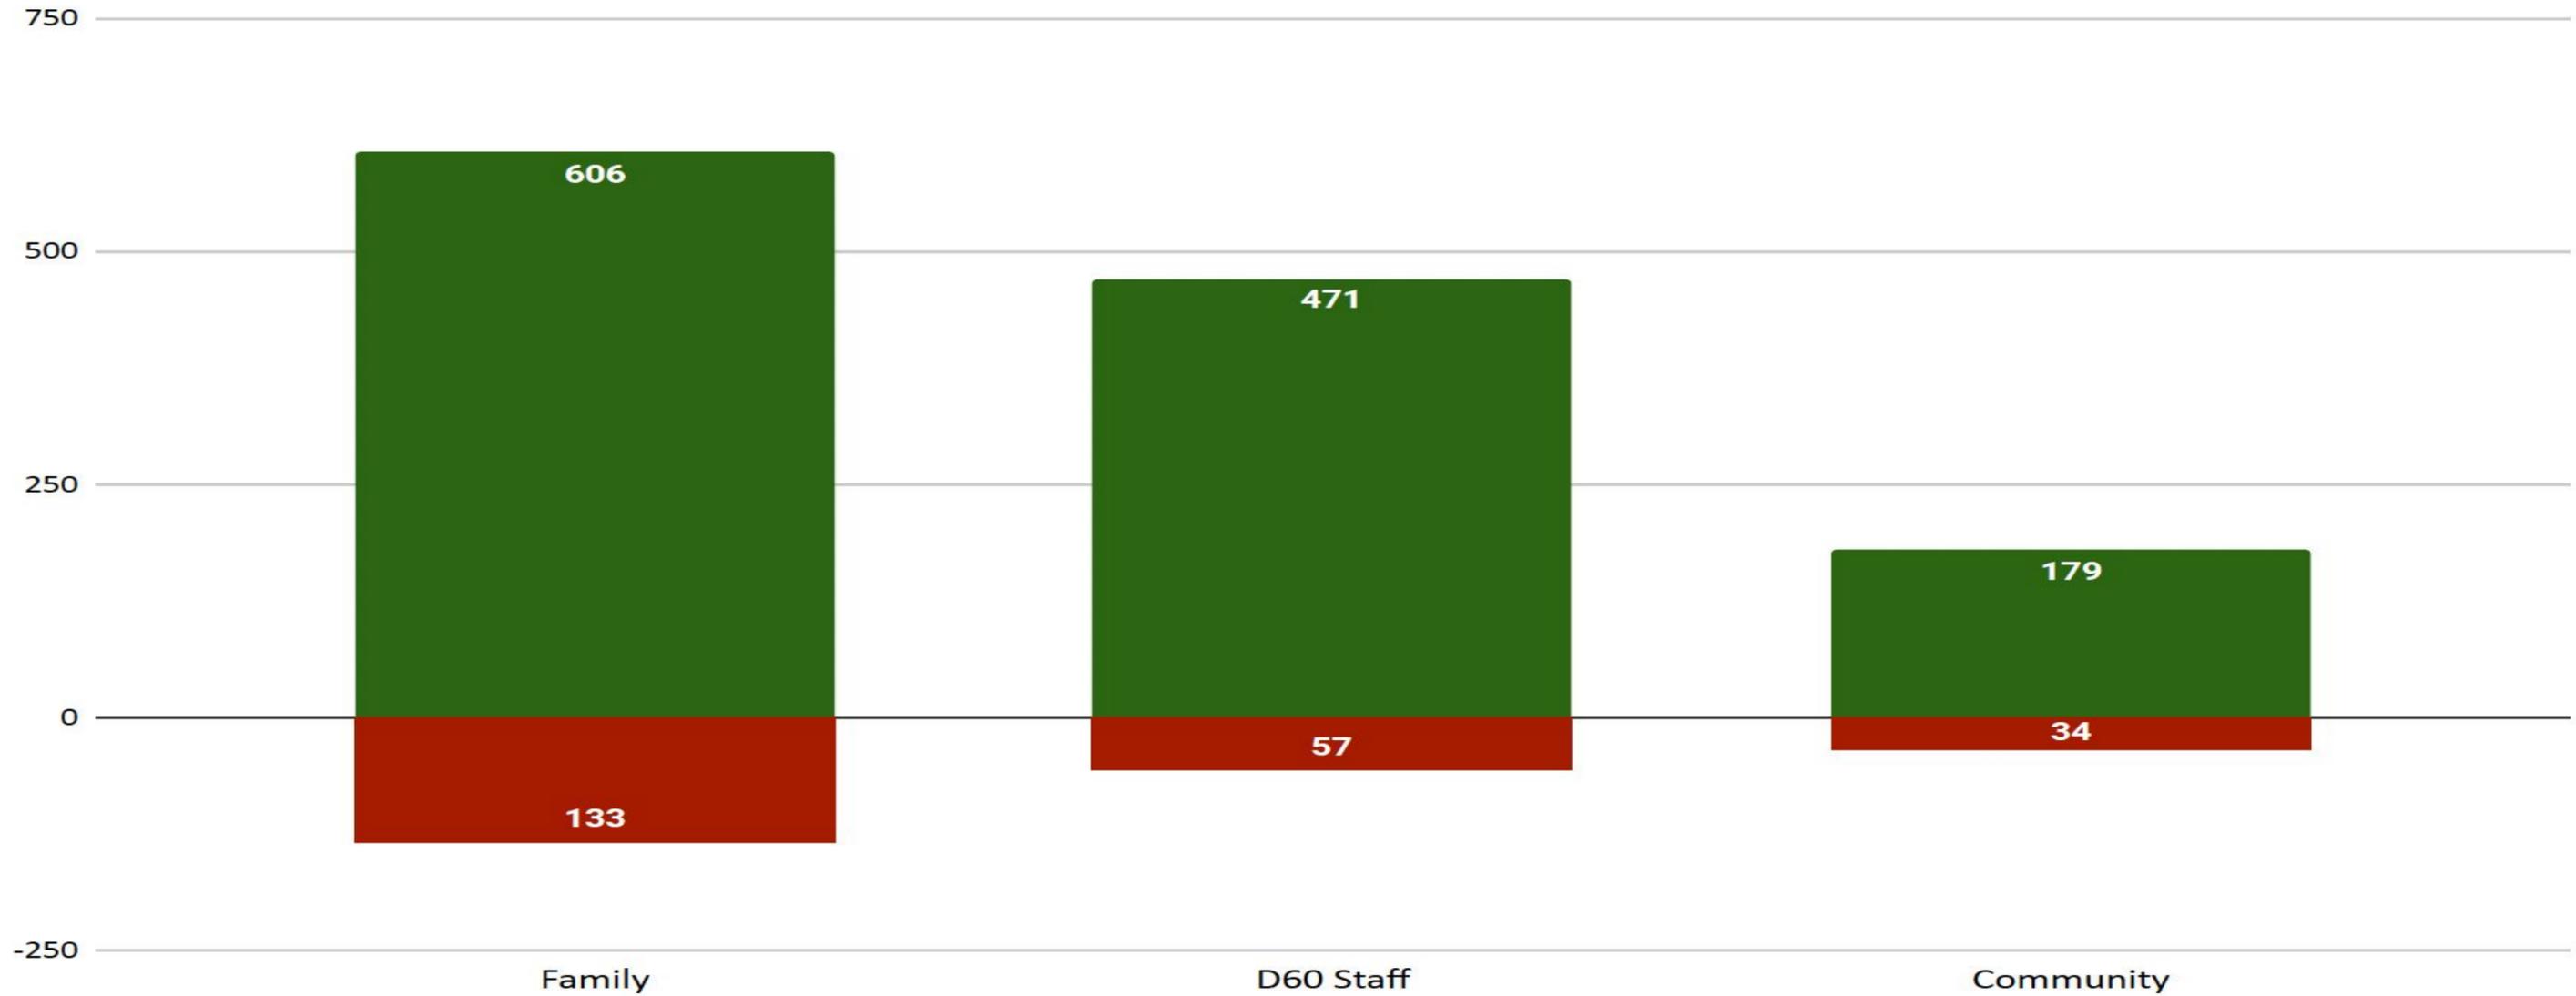

Group 2

Group 2: No Action

■ Support ■ Not support

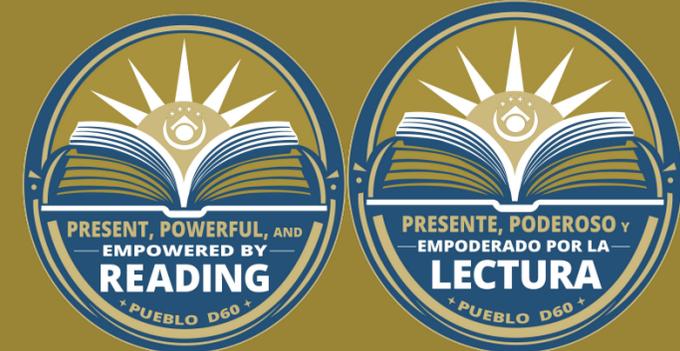

Comparison of Respondent Categories for Belmont, Franklin, Haaff and Heaton

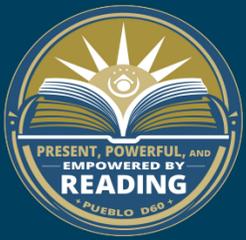

The posted totals are not reflective of the entire survey population, as some respondents were selective in the groupings they participated in.

Group 2: Written Response Themes

- Wish to retain class sizes
- Perception that more affluent schools are shielded from closure while lower-income communities face closures
- Desire for alternate grade configurations and/or strategic mergers

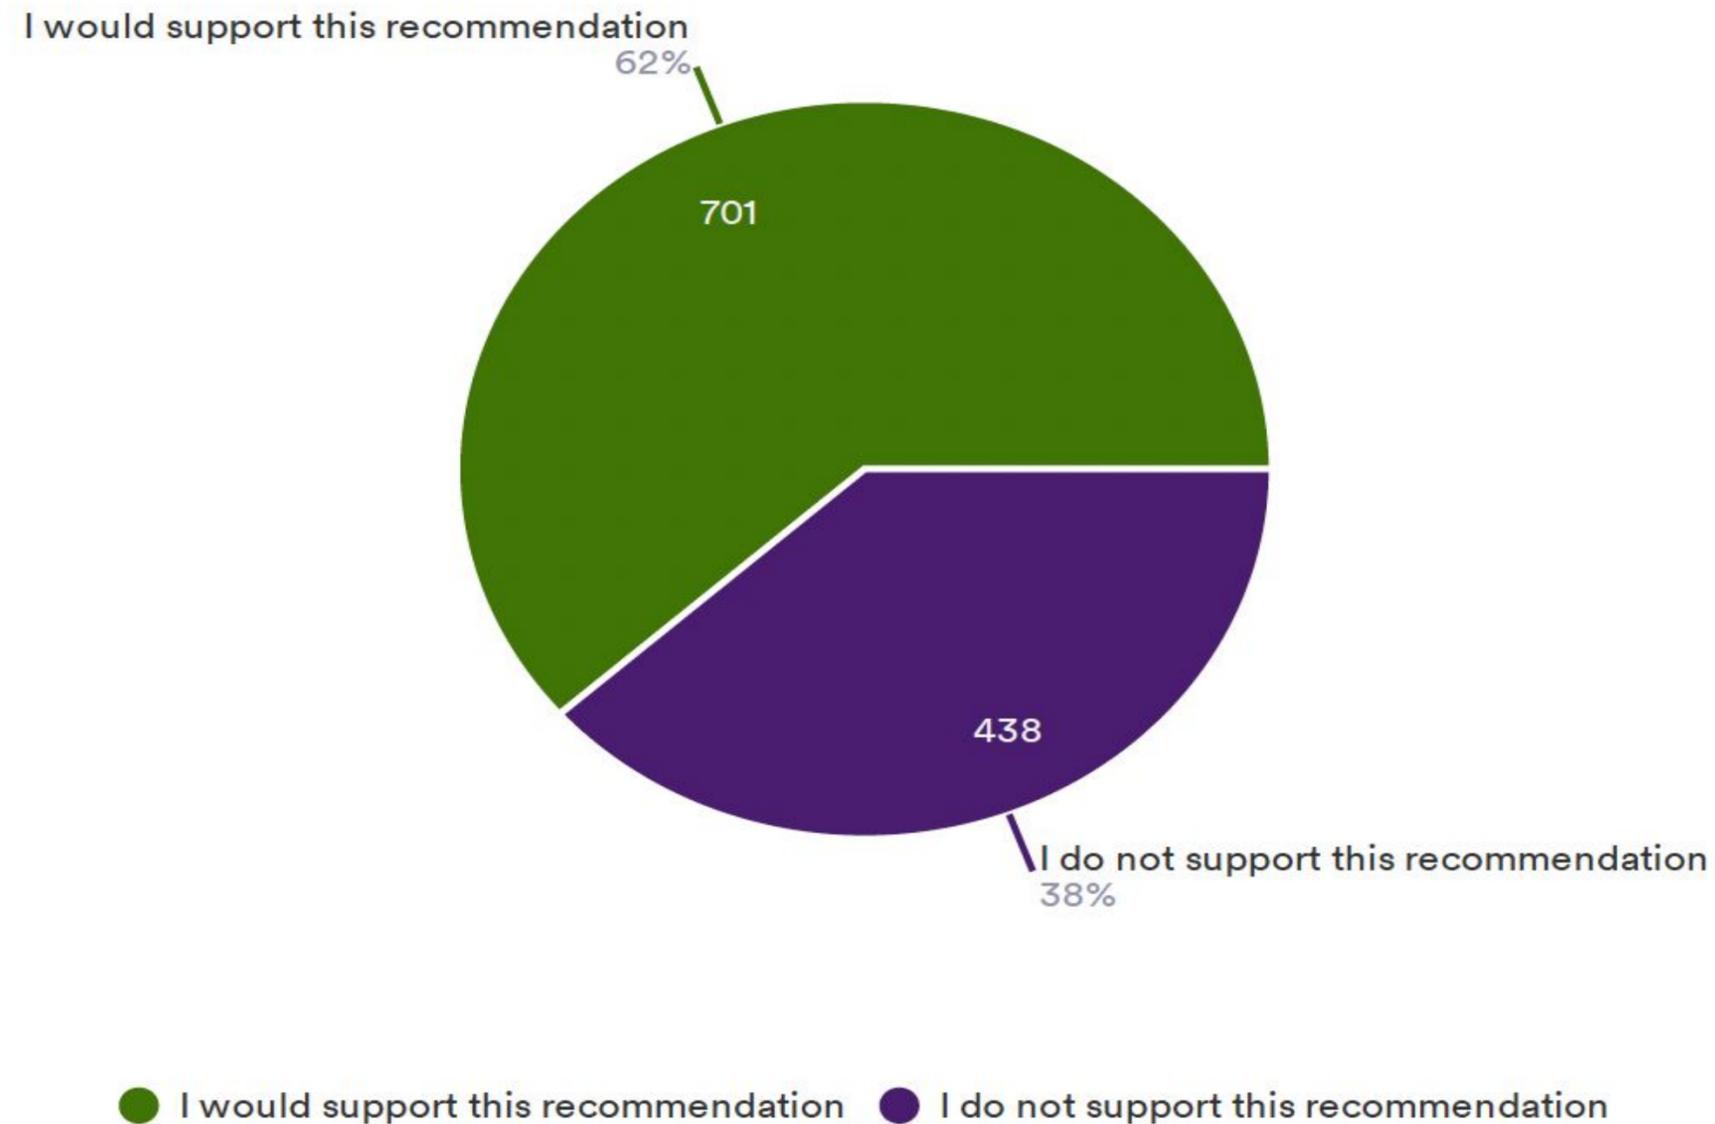

Group 3

Group 3 schools: South Park, Highland Park, Beulah Heights. Based on the rightsizing criteria and available data for Group 3, the primary option for potential recommendation was to close Highland Park and redistribute students.

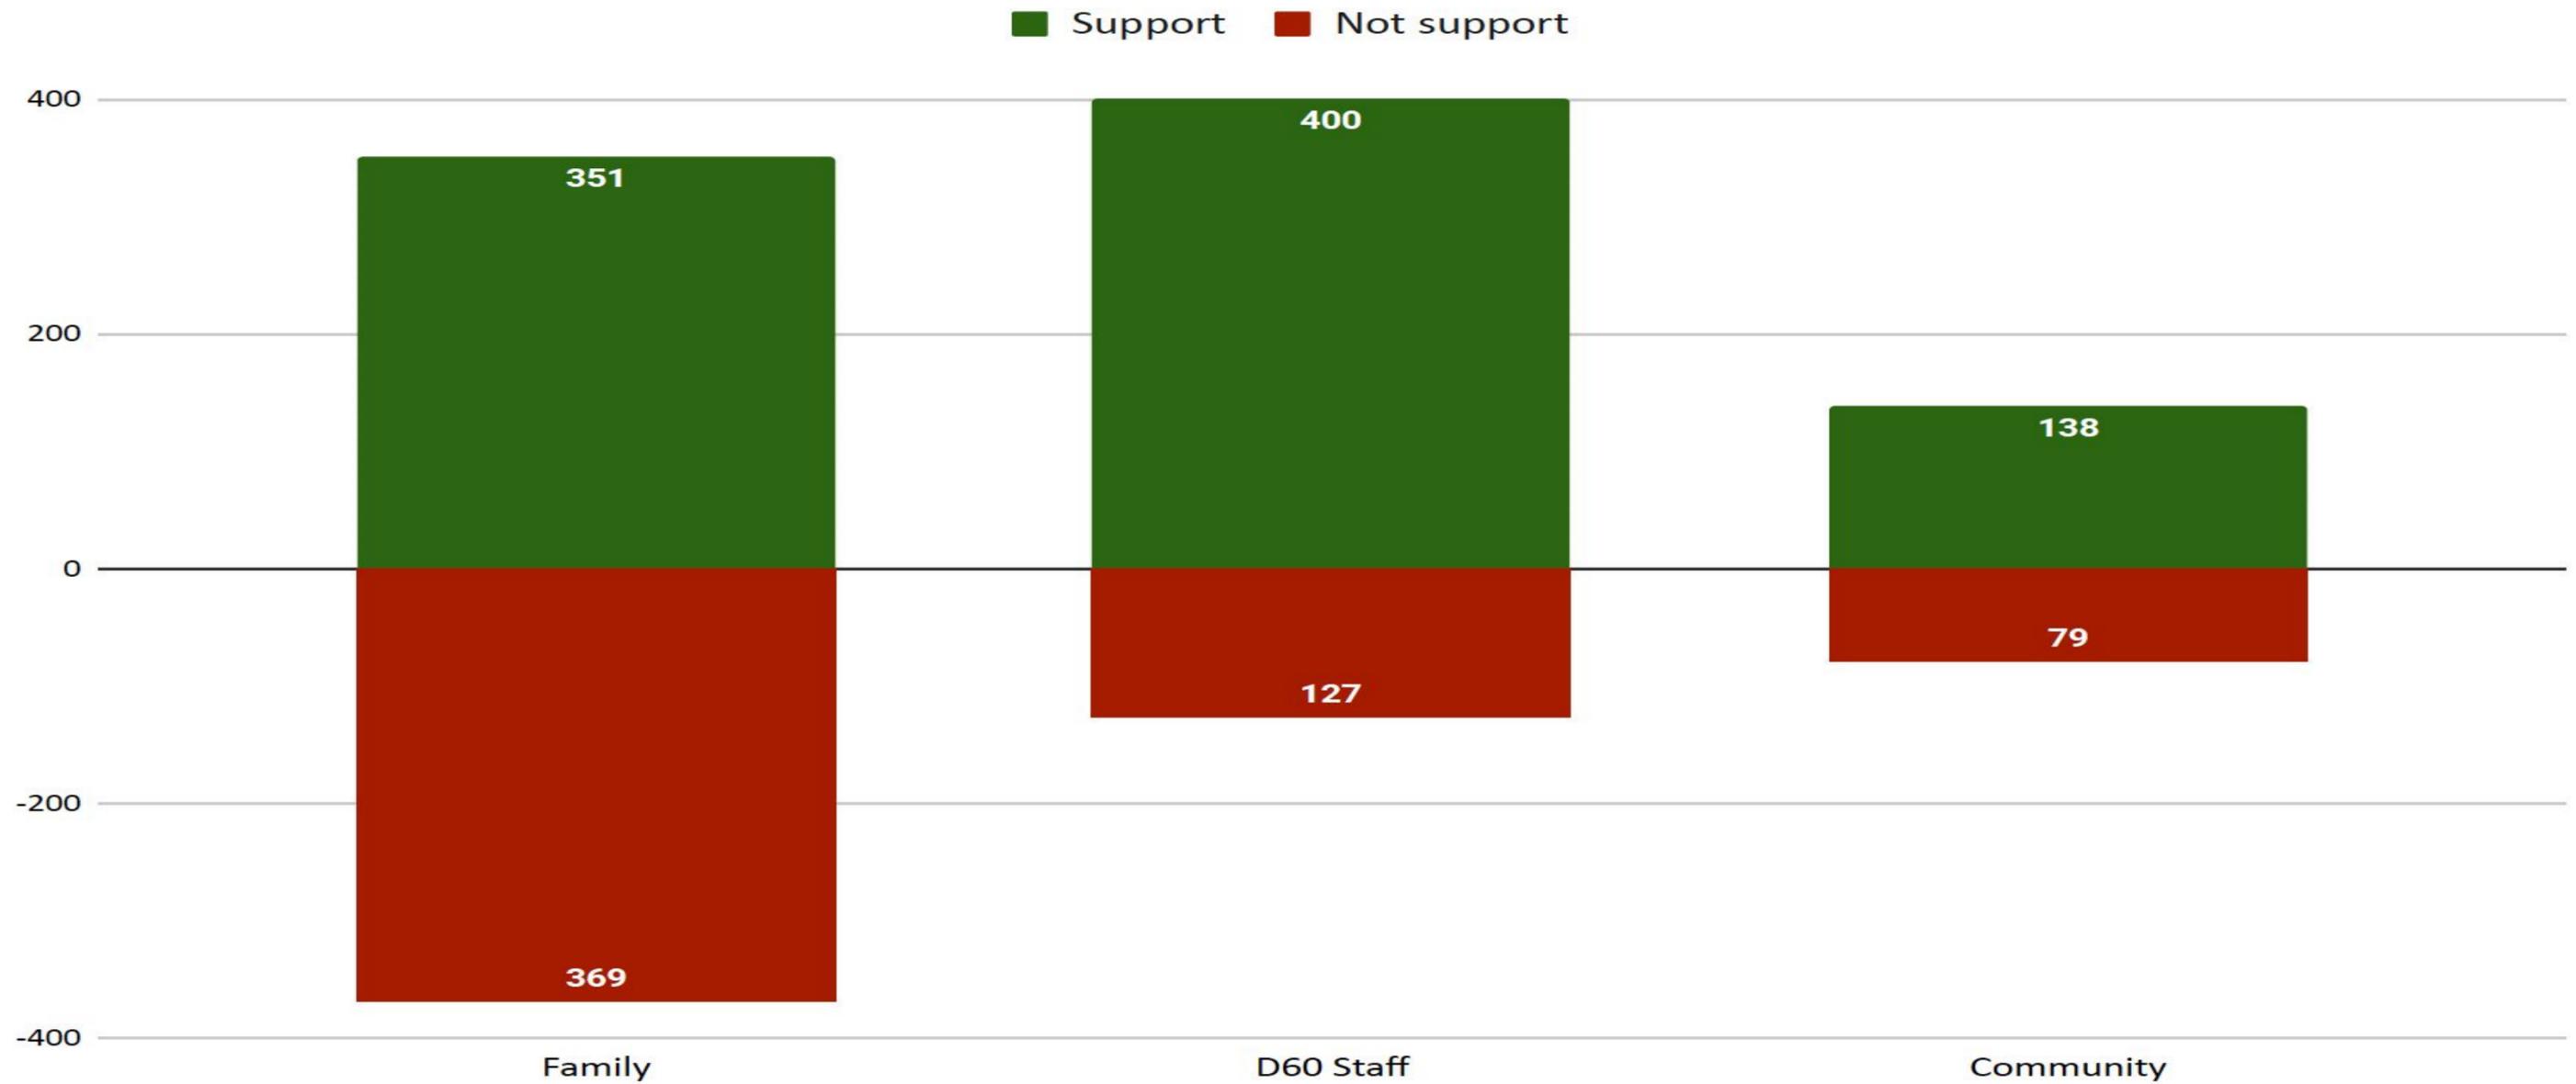

1139 Responses- 121 Empty

Group 3

Group 3: Close Highland Park

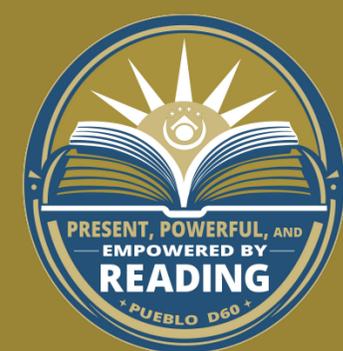

Comparison of Respondent Categories for South Park, Highland Park and Beulah Heights

The posted totals are not reflective of the entire survey population, as some respondents were selective in the groupings they participated in.

Group 3: Written Response Themes

- Idea that redistribution of students is a chance to strengthen other schools
- Concerns of creating a “school desert”
- Emotional attachment to Highland Park is strong – sense of community & love of staff
- Fear of longer travel times and/or transportation barriers

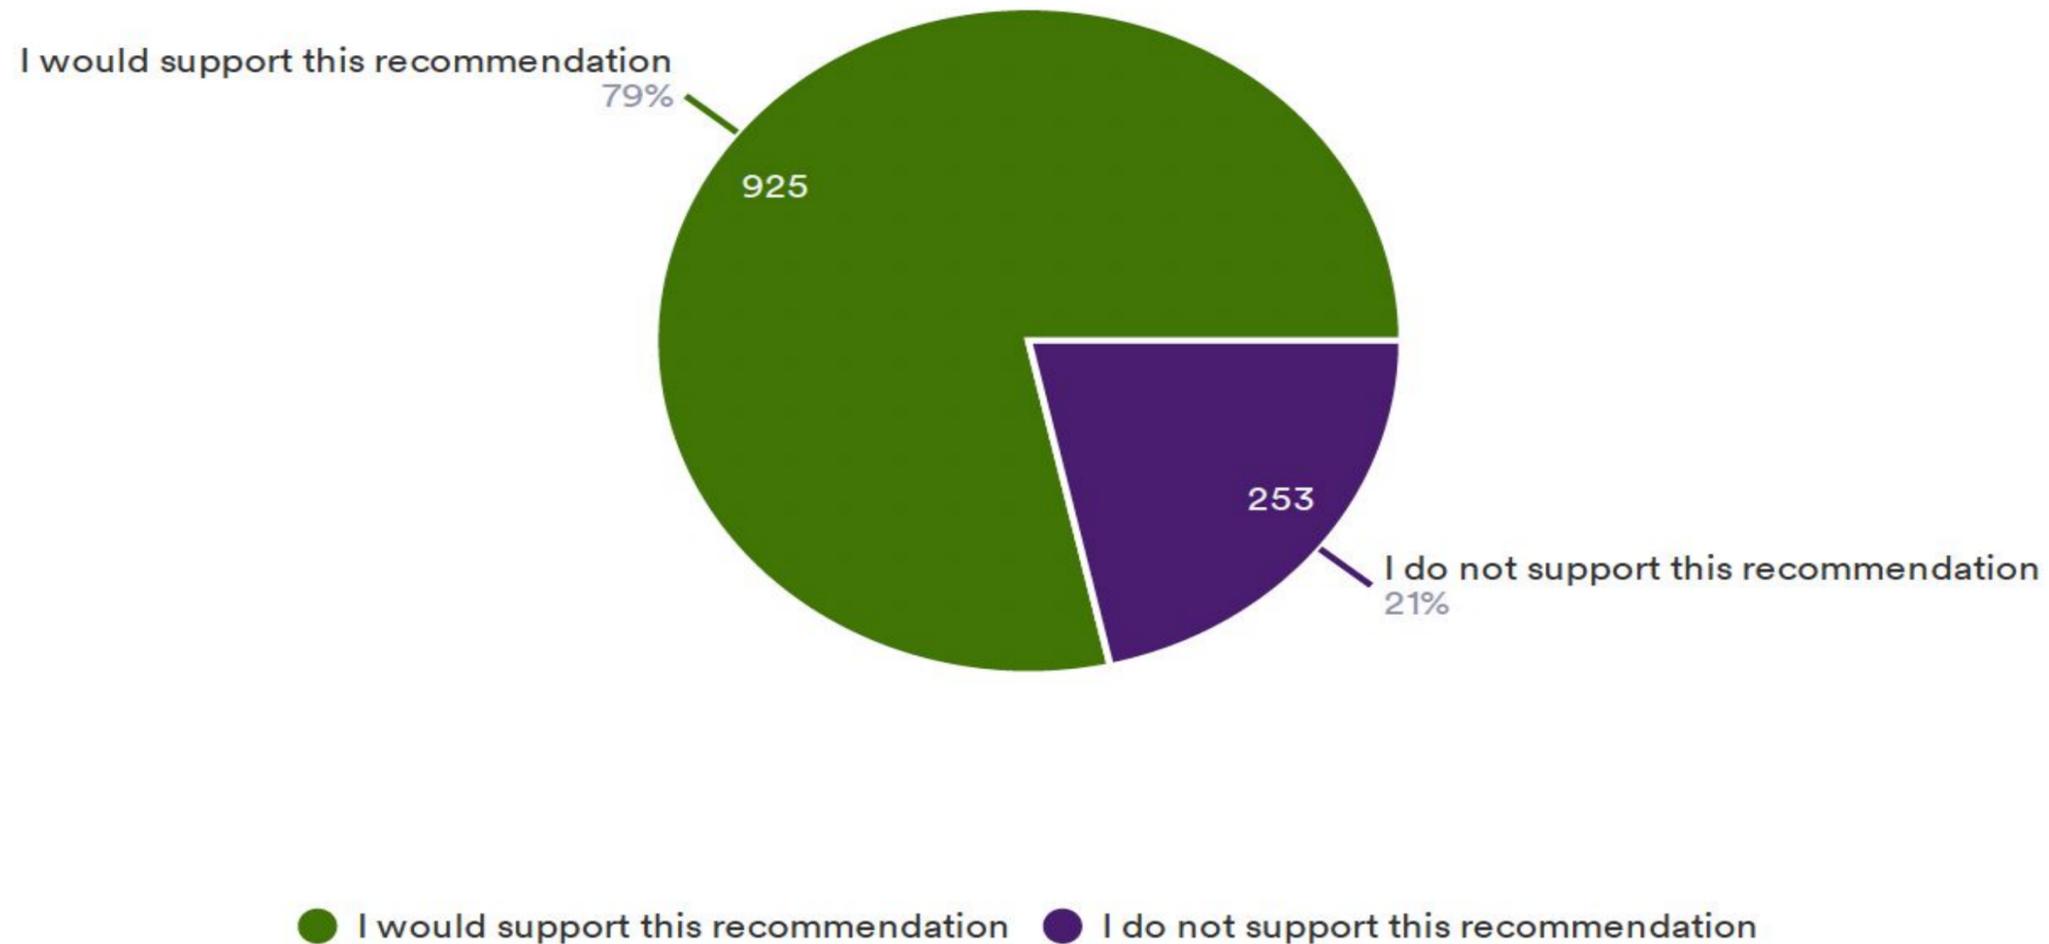

Group 4

Group 4 schools: D60 Online, Paragon, Goodnight (K-8), Sunset Park, Pueblo Academy of Arts. Based on the rightsizing criteria and available data for Group 4, the primary option for potential recommendation was to co-locate D60 Online Middle School and Paragon High School. Both schools would operate independently in one building.

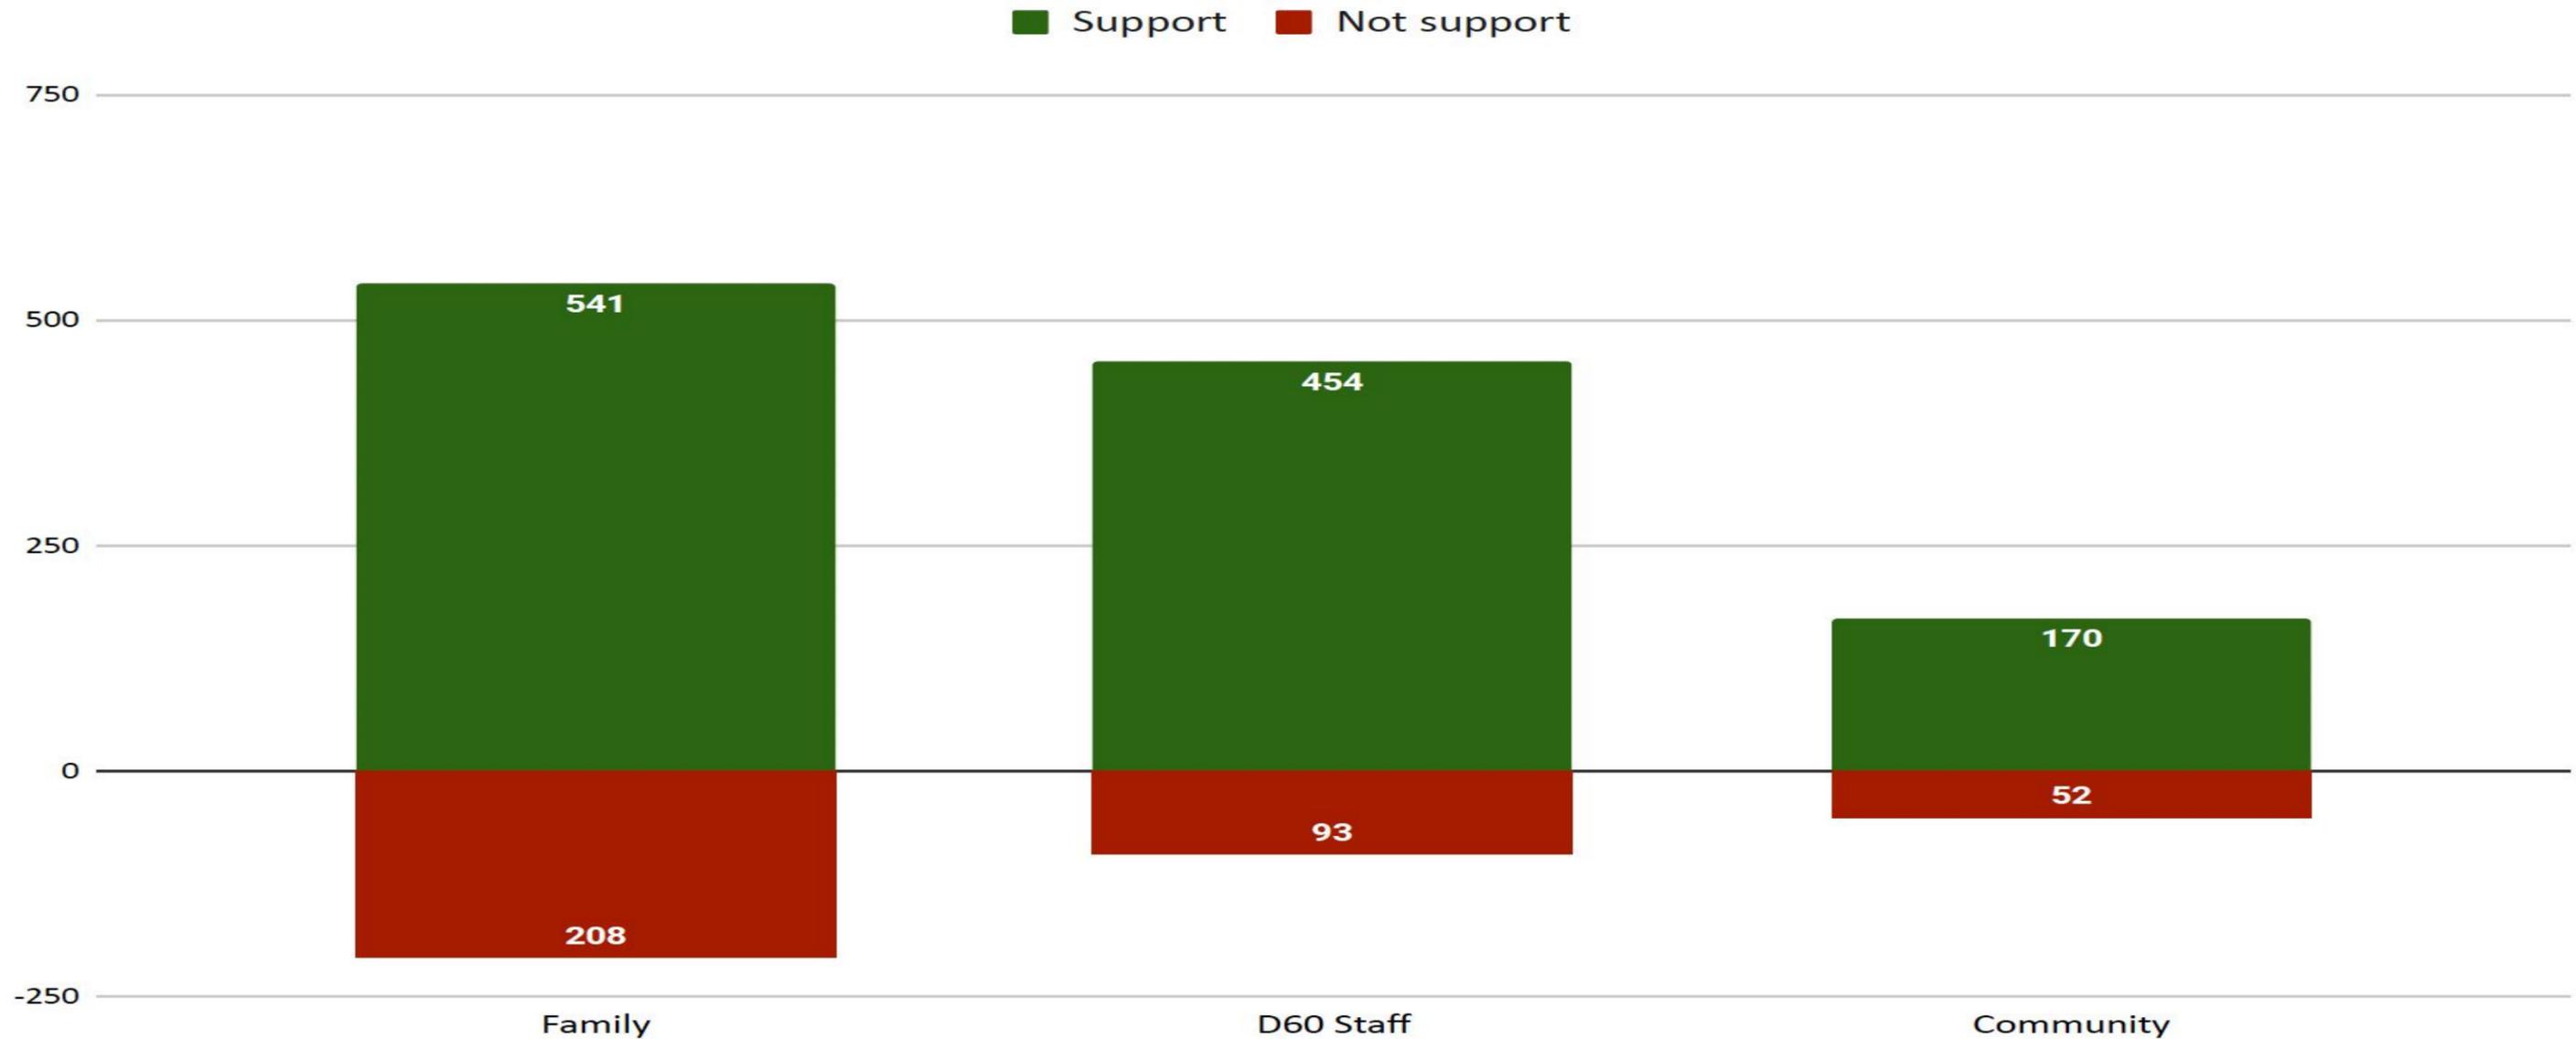

1178 Responses- 82 Empty

Group 4

Group 4: Co-locate D60 Online at Paragon

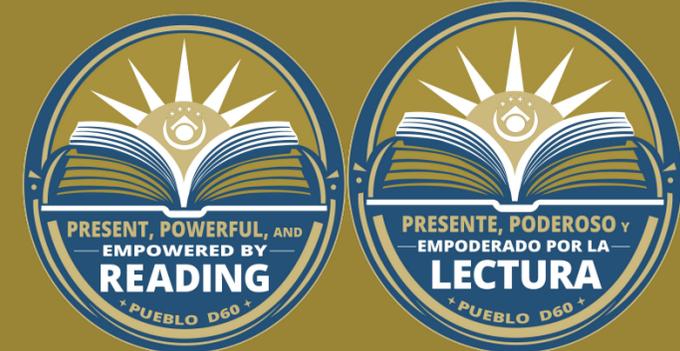

Comparison of Respondent Categories for D60 Online, Paragon, Goodnight, Sunset Park and Pueblo Academy of Arts

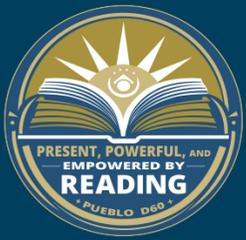

The posted totals are not reflective of the entire survey population, as some respondents were selective in the groupings they participated in.

Group 4: Written Response Themes

- Perception that could reduce costs without hurting programs and allow South to expand
- Concerns that programs (HS & MS) are too different – may harm the culture at both schools
- Fears that co-location may harm identity/recruitment for both schools

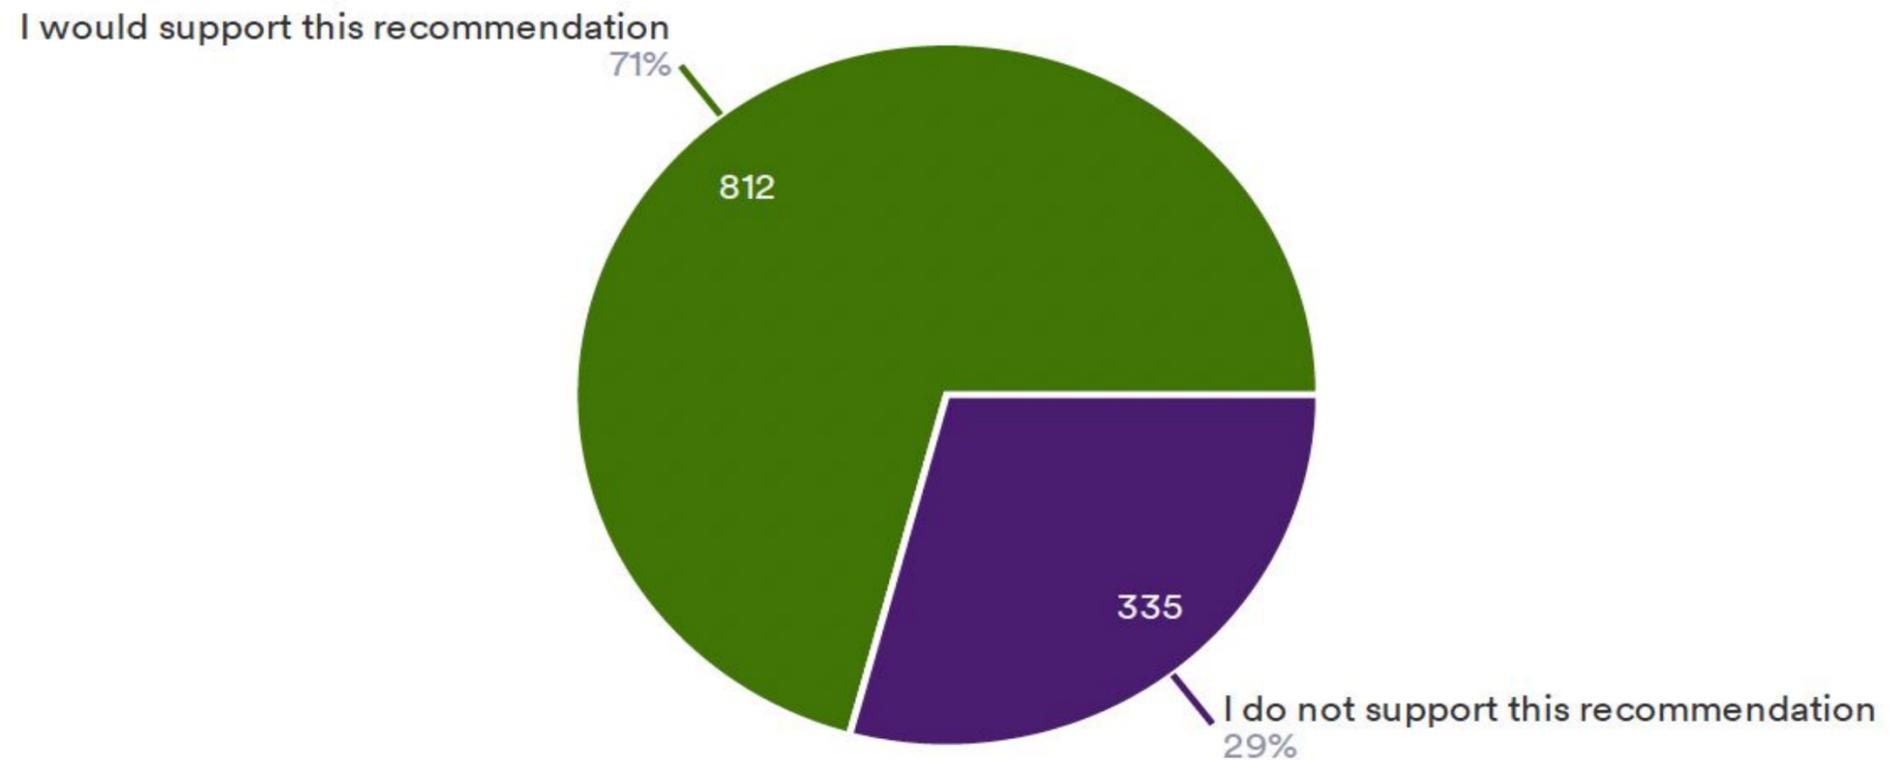

Group 5

Group 5 schools: Risley, Bradford, Park View, Fountain (K-3), Baca. Based on the rightsizing criteria and available data for Group 5, the primary option for potential recommendation was to close Bradford and redistribute students to Park View so that students can participate in the STREAM and Project-Based Learning programming available at that school.

1147 Responses- 113 Empty

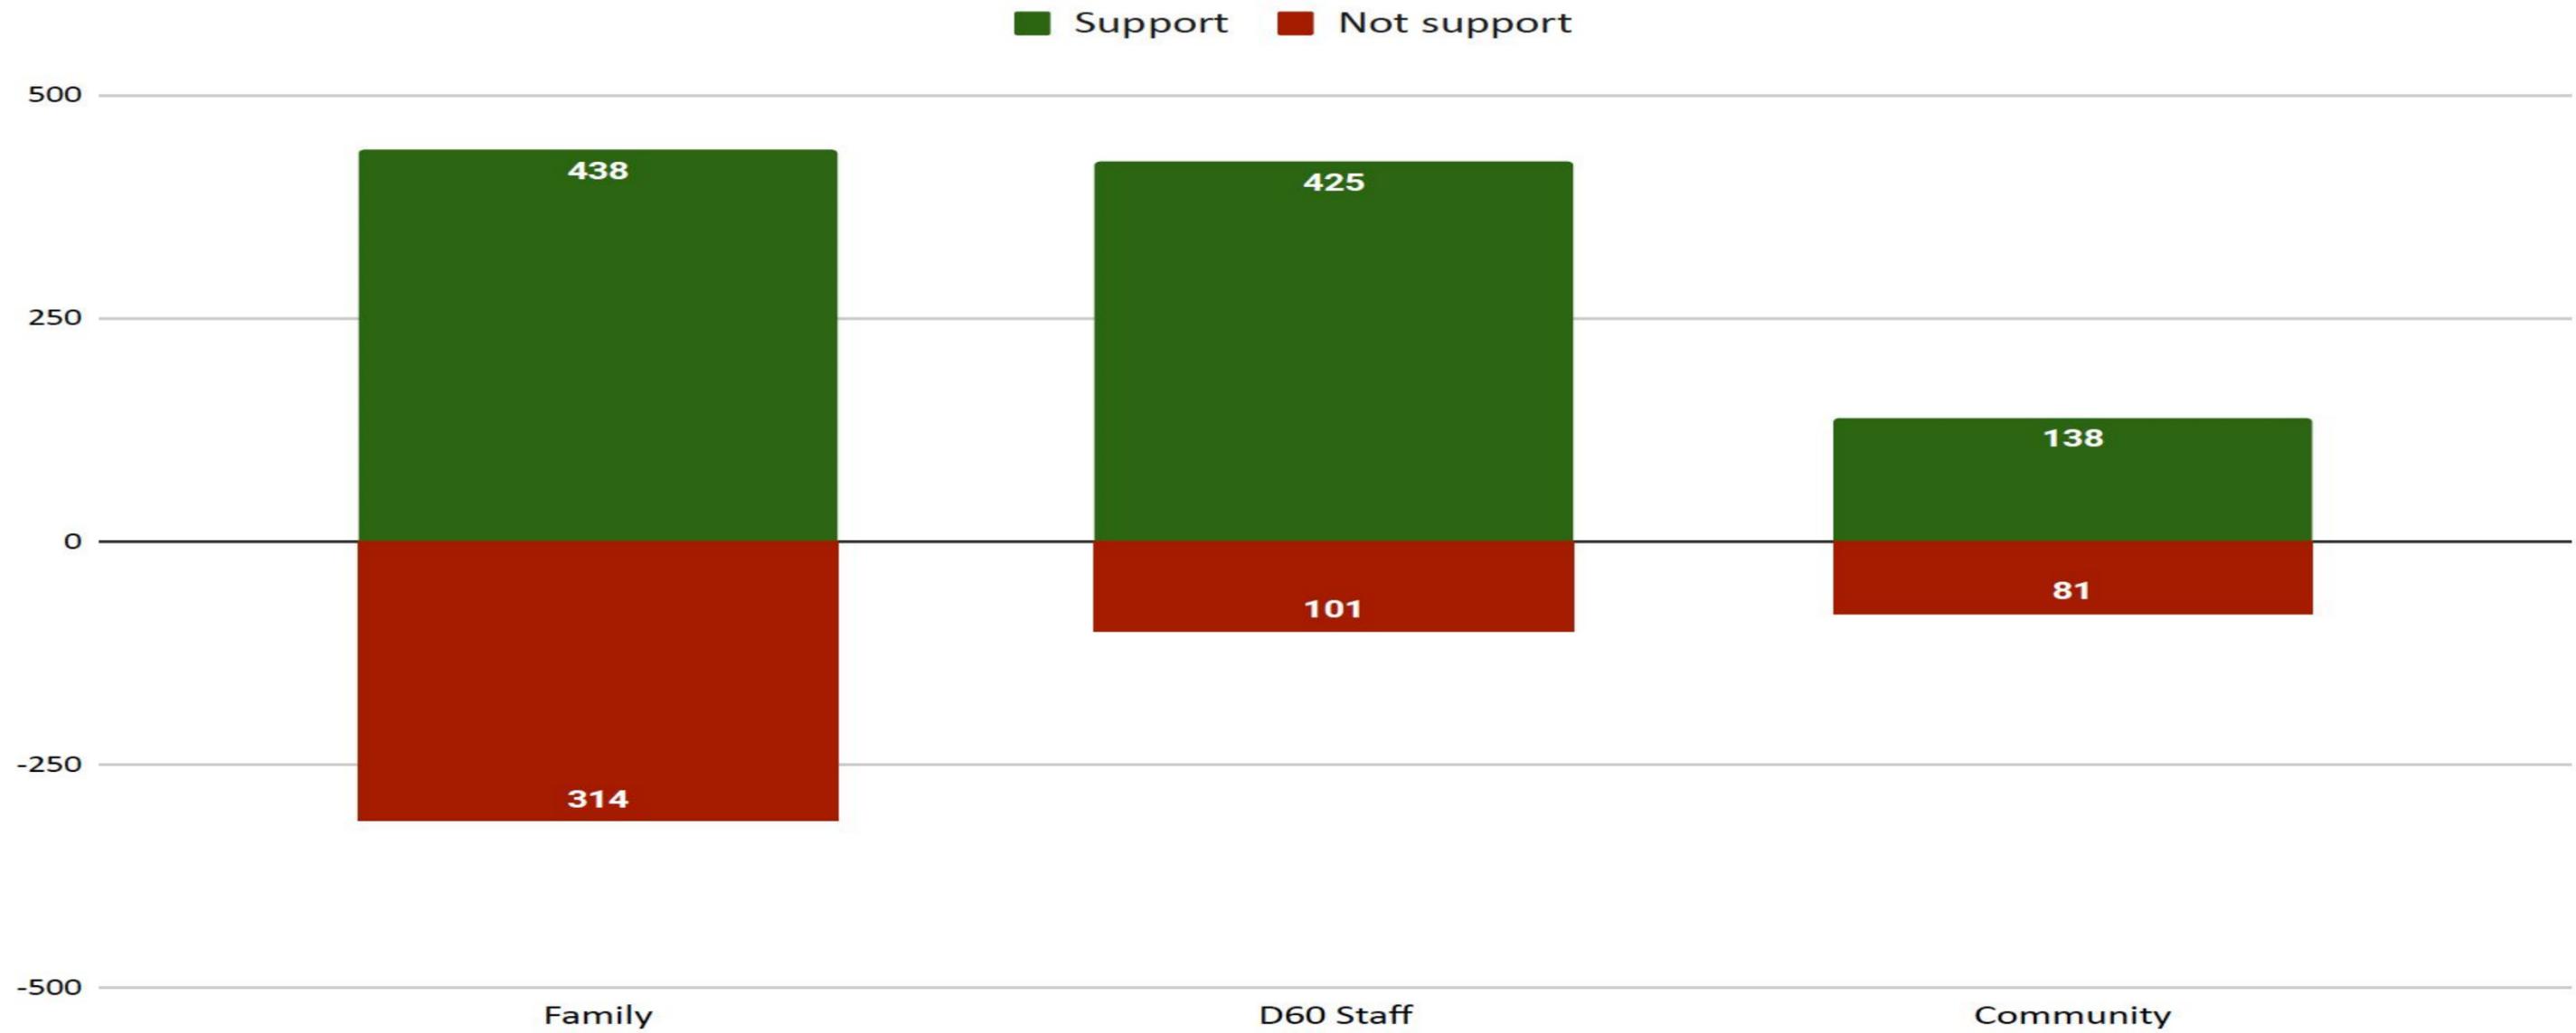

● I would support this recommendation ● I do not support this recommendation

Group 5

Group 5: Merge Bradford into Park View

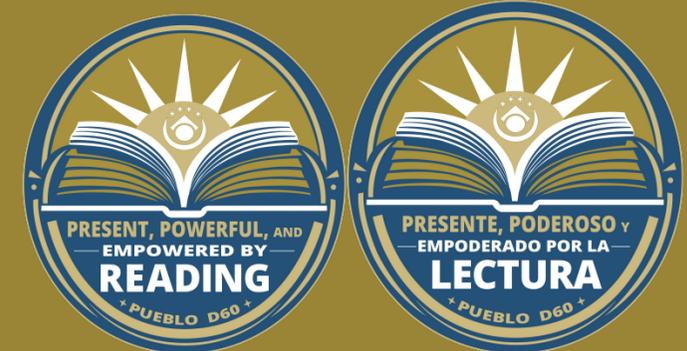

Comparison of Respondent Categories for Risley, Bradford, Park View, Fountain and Baca

The posted totals are not reflective of the entire survey population, as some respondents were selective in the groupings they participated in.

Group 5: Written Response Themes

- Families are deeply passionate about keeping Bradford open – deep historical and emotional attachment for this community
- Fears of creating transportation barriers for families & creating “school desert” south of 4th street
- Concerns about relocating special needs students and about overcrowding

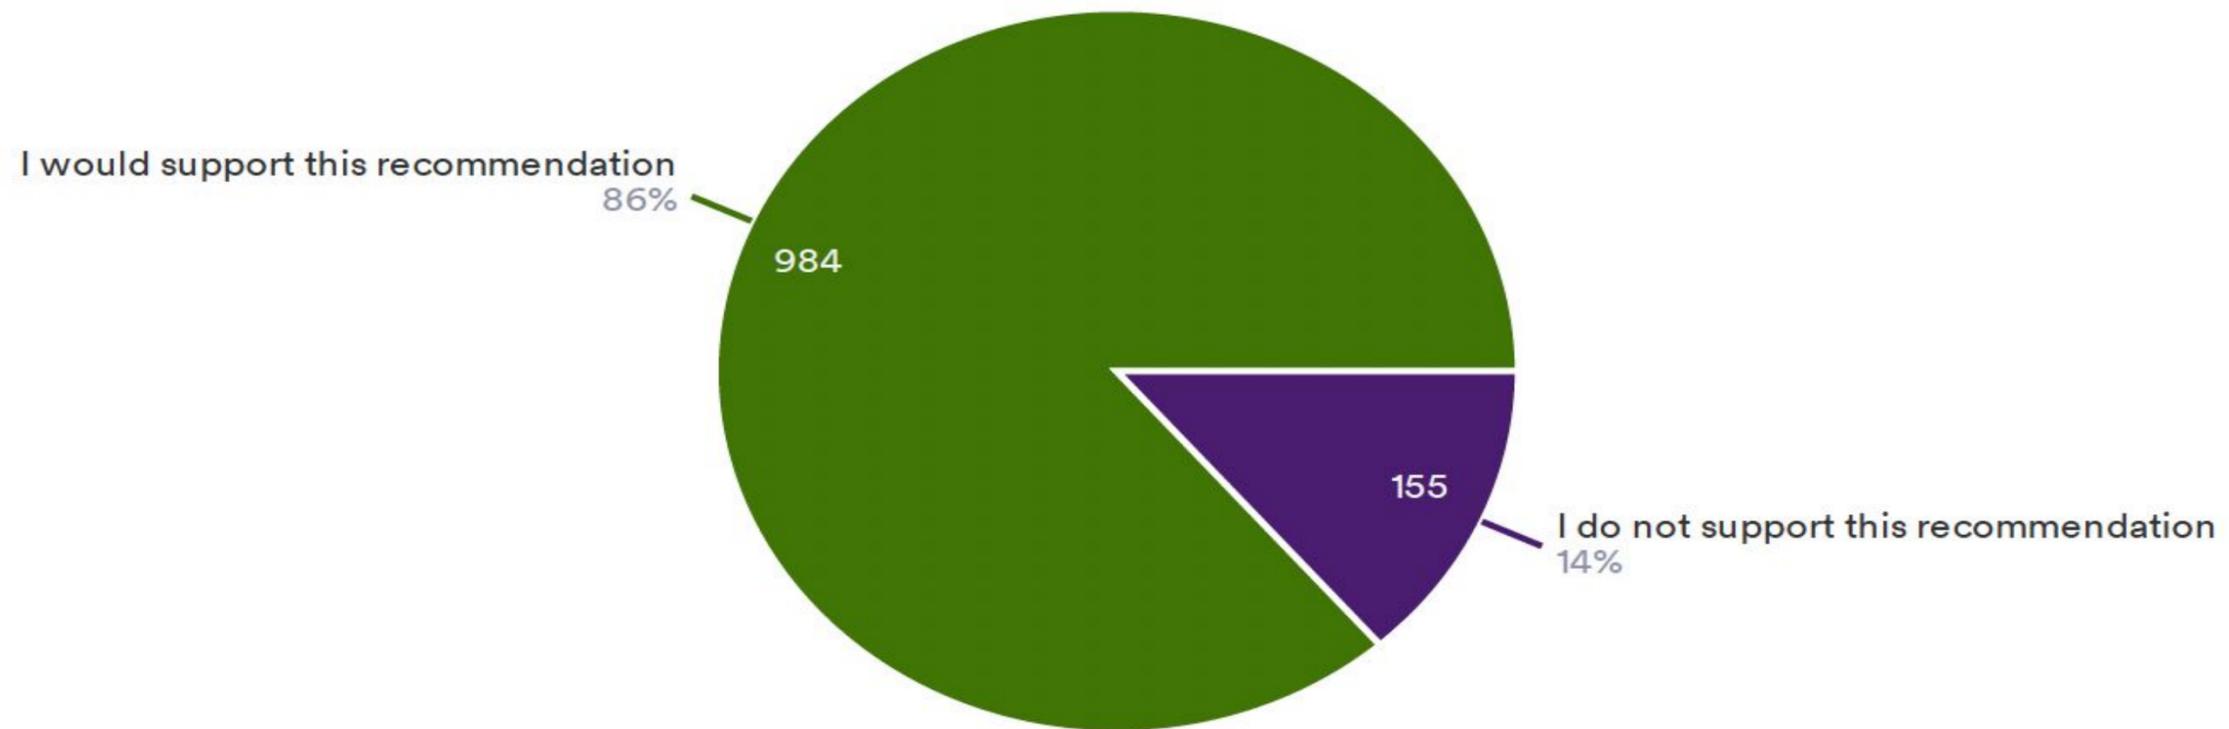

Group 6

Group 6 schools: Irving, Morton, Nettie Freed (K-8). Based on the rightsizing criteria and available data for Group 6, the primary option for potential recommendation was that no action be taken at any of these campuses.

1139 Responses- 121 Empty

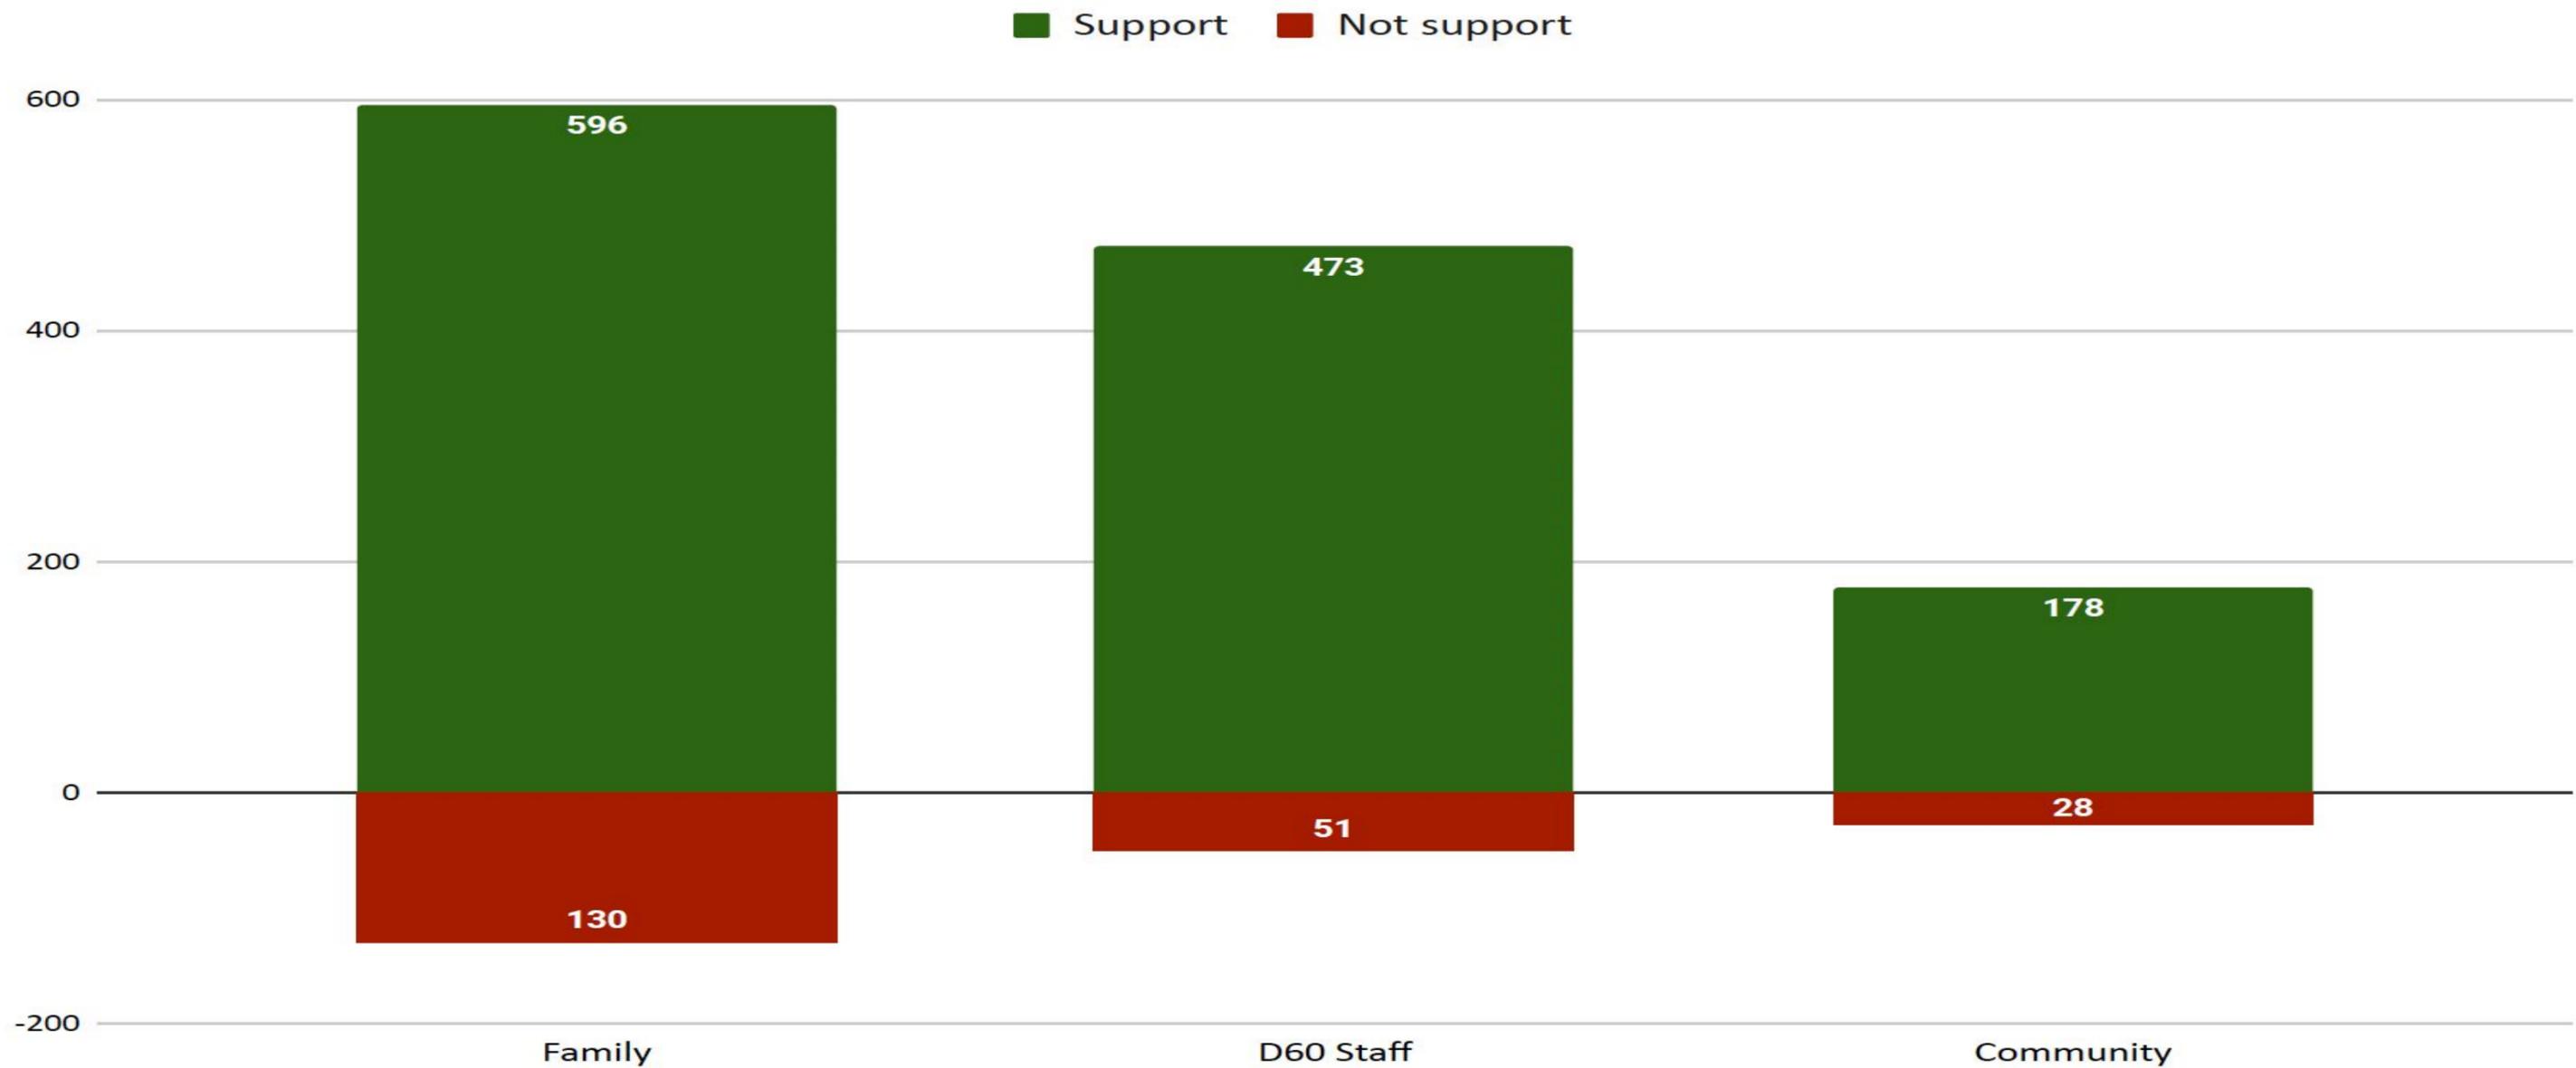

● I would support this recommendation ● I do not support this recommendation

Group 6

Group 6: No action

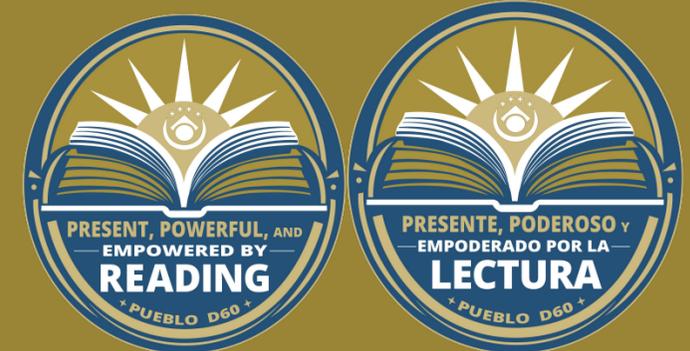

Comparison of Respondent Categories for Irving, Morton and Nettie S Freed

The posted totals are not reflective of the entire survey population, as some respondents were selective in the groupings they participated in.

Group 6: Written Response Themes

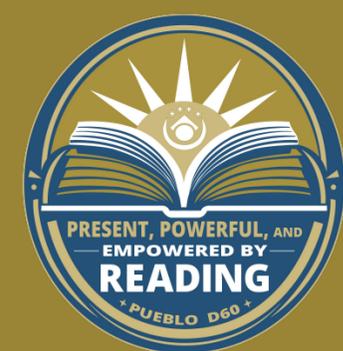

- Strong preference from respondents to keep schools as they are
- Perception of these schools is positive

General Themes of Written Responses

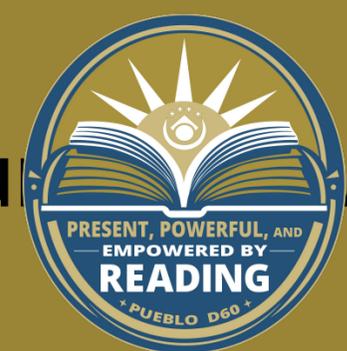

- Equity concerns: tending to close schools in lower-income communities
- Class size concerns: fears that rightsizing will cause large class sizes
- Transportation concerns: worries that recommendation options will cause barriers
- School choice fallout: perception that school choice has caused destabilization of neighborhood schools
- Community identity: emphasis upon preserving schools as neighborhood anchors

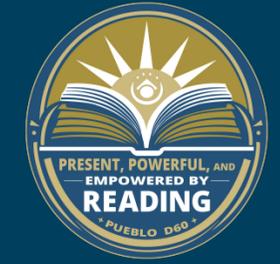

Let's Brainstorm!

- Brainstorm potential options you would like considered that have not been explored so far for any schools.
- Place one idea per sticky note.
- Ideas may be included that also include other quadrant's schools IF the idea would also directly impact the schools noted above.
 - Discuss each group member's idea(s), evaluating how each idea fits into our decision making framework.
 - Reach consensus as a table group on the idea(s) you would like considered during this process.
- Place your finalized ideas on the large chart paper at your table and collect these to inform rightsizing recommendations.
