# FLEXIBLE INSTRUCTION

## DAY 1

## What is a **Flexible Instructional Day** also known as a “FID” Day?

In Pennsylvania, a flexible instructional day, as defined by the Department of Education, refers to a day when schools can deliver instruction remotely rather than canceling school due to inclement weather or other unforeseen circumstances.

## What is the **purpose** of a Flexible Instructional Day?

The purpose of implementing flexible instructional days is to ensure that students continue to receive meaningful instruction even when traditional “in-person” learning is not possible. Flexible instructional days allow schools to maintain continuity in the educational process, ensuring that students can continue their learning without interruption. By utilizing technology and remote learning workbooks/resources, schools can provide students with access to instructional materials, assignments, and teacher support, regardless of physical location.

## How will I know when Central Bucks is having a “FID” day?

- Central Bucks School District will send notifications to families via email, website, text notification, social media, etc. to communicate the “FID” day.
- Your child’s teacher will publish the FID content in Canvas:
  - Link to an online survey for attendance.
  - Link to an **optional** live Teams call for teacher “Office Hours.”

## How will my child use the “Flexible Instructional Books” on these “FID” days?

This “flexible instructional book” is your child’s workbook that outlines the procedures, expectations, and resources for completing the work for a flexible instructional day. Here’s how such a book will be used:

- The **Flexible Instructional Book** provides approximately *4 hours* of instructional activities.
- Your child will complete reading, math, writing, and specials (*P.E., Music, Library, Art, or QUEST*) during the “FID” day.
- Your child will then return the “FID” book to their homeroom teacher when school resumes “in-person.”

## How will my child use Canvas on these “FID” days?

- Students will access Canvas via Classlink on district provided device
- Attendance will be submitted via Canvas
- Office Hours will be offered via a Teams call linked in Canvas from 12:00-12:30
- Digital workbooks will be linked to Canvas

## What if I need to use a personal device and can’t find my students Username and password?

- Student usernames can be found in the Parent Portal of Infinite Campus. It is located in the “More” section of the Main Menu under “Family Information”. The username is the student’s full email address. Ex: Smith.J123@student.cbsd.org. The password for new students is Uppercase first initial, lowercase last initial, and their 6 digit birthday. Ex: James Smith born on 07/08/2009 a password of Js070809

## Materials Needed:

- The gameboard below
- Marker or game piece to represent the player
- Deck of math cards below

## Game Setup:

Use the game board with a path leading from the start to the treasure at the end and place the player's marker or game piece at the start of the path. Shuffle the deck of math cards.

If you have a blog, you can write a plug (or a good review) of a fun club you like. If that club makes plum slushies, you can blog about how great they are. Plus, if they have clog dancing, you can blog about how fun it is. On the flip side, you can flag (or write a bad review of) a club that you do not like.
