School Community Council
Nov 12, 2025

Attendance-Launi, Sheri, Kerri, Kathy, Candis

1. School Lunch update
   Off to a good start. We have hired a lunch lady, We serve both breakfast and lunch
2. Safety update
   Still No cross walk. Logan City does want to help. Their suggestions make the situation more dangerous. We are only asking for signs to say it is a school zone, crosswalk signs and lines painted, for it to be safer for students to cross safely to and from Btech. This affects all schools in our district who use bussing to get to and from their high schools to Btech.
3. Trustlands timeline
   Rules of order and training. Trustland video contest
4. PBIS update
   Tier 1-We have expectations hung around school and in classrooms. Every Wednesday we go over one area (Parking lot and bus stop, restroom, Halls, Commons, Assemblies and Field Trips, Classroom, BTech) of our expectations.
   Tier 2- Attendance. Mentoring students
5. College/Career readiness
   a. BTech Hard to get into classes. They fill up too quickly.Some classes fill up in 4 mins or less. Seniors who are part way through a certificate couldn't get into the next session. Changes need to be made on process or number of slots.
   b. College Access-was able to take 6 students to Utah State for a tour and learn more about Utah State and what they offer
   c. FAFSA night-During PTC on Dec 15
6. Other updates:
   a. Red Ribbon Week-Fun Week

b. Veteran's Day-Wrote Letters and decorated cards for military members
c. Reading challenge-Goosebumps-If we reach our goals by Thursday, Teachers and staff had challenges they will complete
d. Kindness month-Will Start 3rd term through Christmas break. Students will write their kindness on cards and later there will be a drawing for prizes.
