UNITING NATIONS DAY

For 75 years, Jakarta Intercultural School (JIS) has empowered students from across the globe to achieve their goals and, true to our mission, to be ‘best for the world.’

Jakarta Intercultural School

It is important for students to be well rounded and give back to their community. All students are required to complete Creativity, Activity and Service activities throughout High School. With service learning built into the curriculum, our students develop into confident, creative, respectful, empathetic, and environmentally responsible people. The academic growth they achieve at JIS ensures their ongoing contribution to the world community will be significant.

### Map of the Modern World

JIS is proud to partner with Georgetown University's School of Foreign Service (SFS) and offer this blended online and face-to-face course developed more than a quarter century ago to "banish geographic illiteracy". This course provides students with a better understanding of physical and political geography of the contemporary world map and helps them understand current world issues and coming change. This is a required course for all Georgetown SFS students, and JIS is proud to be the first international school to offer it to high school students.
