

Frequently Asked Questions for 2026-27 CHS Registration:

Q: Is registration for CHS classes first come - first served?

Answer: No. All registrations are loaded together after the closing date. There is no advantage to registering early.

Q: How do I know if I should take an Honors, Advanced Placement or CIS level course?

Answer: Talk to your current teachers and school counselor to get advice. Gather as much information as possible to help form your decision. Above all, a student's desire to work hard and commit themselves to rigorous coursework is the determining factor.

Q: How many credits can I earn in the 916 program?

Answer: You earn 1.5 elective credits per semester, or 3 credits for the year. Enrollment in the 916 program takes up 3 class periods per semester.

Q: PSEO- How do I register for PSEO at the college?

Answer: Go to the PSEO page on the college Website where you will find the PSEO application, deadlines, requirements and contact information. As part of your application materials, your counselor will need to complete the MN PSEO State Form. Please set up a meeting with your counselor, after CHS registration is closed, to review the PSEO contract and find out what specific courses you will need to take for PSEO.

Q: Do I have to register for classes at the high school if I am doing PSEO?

Answer: Yes, you must register for your high school classes just in case you do not end up doing PSEO. Once you have been admitted and completed the PSEO process, your high school course selections will be deleted.

Q: When should I meet with my counselor about PSEO?

Answer: February or March is a good time for a meeting with your counselor. College applications for PSEO open in February and application deadlines are typically in April or May.

Q: Do I need to save my registration information on the computer?

Answer: No, there is no SAVE button. It saves automatically.
