PSEO

FAQ

- **Who can enroll?**

Grades 11-12 take classes to fulfill CHS grad requirements and general degree requirements for college.

- **What colleges offer PSEO?**

Minnesota Department of Education has a list of eligible institutions. Website Link: <https://education.mn.gov/MDE/dse/ccs/pseo/elig/040787>

- **How do students earn credits?**

4 college credits = 1 CHS credit For example a 4 credit English Composition class at Century College is equal to 1 CHS credit or World Literature 1 and 2.

- **How do you pay tuition and fees?**

Tuition and books are paid by the state. If you don't return the books, you will be charged a fee.

- **What if I drop a PSEO class?**

If a student drops a class after the first 10 days of the semester, you will receive a NC (F) on your CHS transcript.

- **How does enrolling in PSEO affect your ability to complete high school requirements?**

Students still need to take courses at the college to substitute for CHS classes. Sometimes, classes are not offered at the college or full. Composition class.

- **Academic and social responsibilities that must be assumed by the student and their parent/guardians.**

Centennial high school counselors can not communicate with college. This includes attendance, grades, services etc. This is the liability of the student.

- **Will my PSEO credits transfer to a college?**

It is the student and families responsibility to reach out to the college they plan to attend to see if the credit will transfer.

PSEO

Post Secondary Enrollment Option

We will have an informational meeting on January 26th at 6:30 pm in the PAC. Register for your classes like you will be at CHS as a fulltime student.

** However if you are thinking about doing PSEO please put as an alternate PSEO intention. **

Make Your Course Selections in Campus

Registration Instructions

Complete your paper copy of course registration before going online. This will avoid errors and missed courses!

Go to isd12.org. Mobile devices are not recommended for registration.

Select the Campus Portal logo on the left, then select Campus Student

Use your Student Portal login information.

User ID: Last two digits of graduation year + first 5 letter of first name + first 5 letter of last name

Password: Use your district password to login.
