# Why Do Grades Matter?

- Typically, there are about 13 grades per 9 weeks
- Missing 1-2 assignments can bring your grades down almost an entire letter grade
- It is much more difficult to bring up a low GPA than to fix one bad grade. A big hole in the beginning can take the rest of your high school career to fix.
- All the fun activities require a 2.0 or higher GPA: sports, homecoming dances, graduation, etc.
- 2.0 is the minimum, strive to be higher so you don't have to stress
- GPA is calculated every semester, eligibility for sports is also determined by semester.
- The higher your GPA the more opportunities you have throughout high school and once your graduate!

# Credit Denial

Credit Denial is based on: ATTENDANCE!  
9 Absences or More

## Tips to Avoid Credit Denial

- Come to school everyday
- If you are sick have parents call in/ email note to: [nhsnotes@collierschools.com](mailto:nhsnotes@collierschools.com)
- If you go to one of these places, get a note and turn it in to the attendance office:
  - Doctors
  - Dentist
  - Court
- Communicate with your counselor and Ms. Quintero/Mr. Edwards

- You must be a good self advocate! Parents, counselors and high school staff cannot communicate with professors for you. Additionally, we cannot see your grades until you complete the class.
- The drop/add period is very short and you are not always able to drop the course once you start.

## AP & AICE

- Courses are taught at Naples High School by our teachers.
- College credit is earned by test, no letter grade is assigned to the credit, so no college GPA is transferred.
- Your parents, counselors and high school staff can you see your grades and speak with the teachers.
- Drop/Add follow the CCPS policies.
- College credit may or may not be awarded depending on your test score and where you attend college/university.
