1. Narrative description of the Prop 28 arts education program(s) funded. (2500 character limit).

For the 2024-2025 school year, Leroy Greene Academy utilized Prop 28 funds to strengthen and expand our visual arts programs. Funding supported our art teacher's salary, ensuring students had consistent access to high-quality arts instruction throughout the school year. This investment helped us sustain a robust art program that encouraged creativity, skill development, and meaningful student engagement. Proposition 28 funds were also used to purchase essential supplies for our art pathway courses. These materials allowed students to participate in hands-on, project-based learning experiences aligned with pathway goals and supported the continued growth of our structured arts curriculum. In addition to classroom enhancements, funding supported professional development for our arts educators. Staff attended the California Art Education Association (CAEA) Conference, where they engaged in workshops, training sessions, and collaborative learning opportunities that enriched their instructional practice. The funding also covered the cost of a CAEA membership for one teacher, ensuring continued access to resources, networking, and professional growth.
