			immediately understood, even though she didn't know me. She had previously been the teacher of my older sister and brother, and was phenomenal for them just as she is for me. I did online school for the majority of Sophomore year as I recovered from my illness, and throughout it all, she advocated for me and supported me. When I had questions, she would answer concisely. When I sent her an email with a concern, she would reply to it as soon as she could. The amount of admiration I have for Mrs. Kennedy is something I cannot put into words. I am a Teacher's Aide for her this year in the 2025-2026 season as a Junior, and she is such a delight to be around. Ruth Q.	Liberty High School	Bus driver: Greg	I believe my bus driver Greg deserves special recognition because of his genuine kindness, the friendly "good morning" everyday, and making sure I get to school all the time, adjusting to make things more comfortable for students. I remember a time where I was a bit late and thought I missed the bus, but Greg waited and when I got there I said thanks for waiting for me "he said of course, I had to wait because I had a feeling you were running a little late" That made my day because I thought the bus driver never knew who I was but I was wrong. He actually paid attention and knew exactly who I was. I know I'm not the only one on my route who thinks so. Greg is an invaluable and much-appreciated part of my daily experience.
Sofia L.	Liberty High School	Mr. Markealli	Mr. Markealli is such a genuinely kind person and I don't think he gets the appreciation he deserves. I can't begin to think of words that could begin to describe how incredibly grateful I am for the kindness, compassion, and understanding he showed me while I was in his class, and even after, when I asked him for favors, whether with letters of recommendations, or just to share good news.
