Re: Transcript Request, Verification of Graduation, Enrollment Verification, and other student information

To whom it may concern:

With the changes created by COVID-19, the Yazoo County High School made the decision to migrate past and present transcripts to a digital platform called **Parchment**. This service is widely accepted by colleges and universities across the country. Additionally, many third-party organizations (i.e., employment agencies) use this platform to secure educational information and verify graduation data for employment purposes. Therefore, we ask that all transcript requests be submitted through the new **ONLINE Parchment Platform**. The link to the Yazoo County School District's Parchment Site can be found by entering the YCHS Parchment web address into your browser's address bar, or by scanning the QR code below and opening the link through your phone's internet browser.

YCHS Parchment webpage: <https://www.parchment.com/u/registration/15580/account>

Please be aware, there is a processing fee associated with any request for educational information submitted by Yazoo County High School Alumni. If you have any questions, you may contact Ms. Amy Trammell through the contact information listed below.

Sincerely,
Amy Trammell, YCHS Counselor & Graduation Coach
