Honoring Our Heroes: District Veterans Day Celebrations

We are immensely proud of the diverse and heartfelt ways our schools across the district celebrated Veterans Day this year! It was truly inspiring to see students and staff honor the brave men and women who have served our country.

Highlights From The Buildings

Our schools demonstrated deep respect and gratitude through a variety of meaningful events:

- Assemblies and Programs: Several of the buildings hosted special assemblies, featuring student performances, choir singing, and guest speakers who shared their military experiences. Programs included flag ceremonies and the playing of "Taps."
- "Walls of Honor": Students created beautiful displays, or "Walls of Honor," showcasing photographs and stories of veterans who are family members or community members.
- Service Projects: Some classes wrote thank-you letters and created care packages for active-duty service members or local veterans' organizations.

These celebrations provided an invaluable opportunity for our students to learn about the significance of military service and the importance of civic responsibility. We extend our deepest gratitude to all the veterans who participated and shared their time with us.

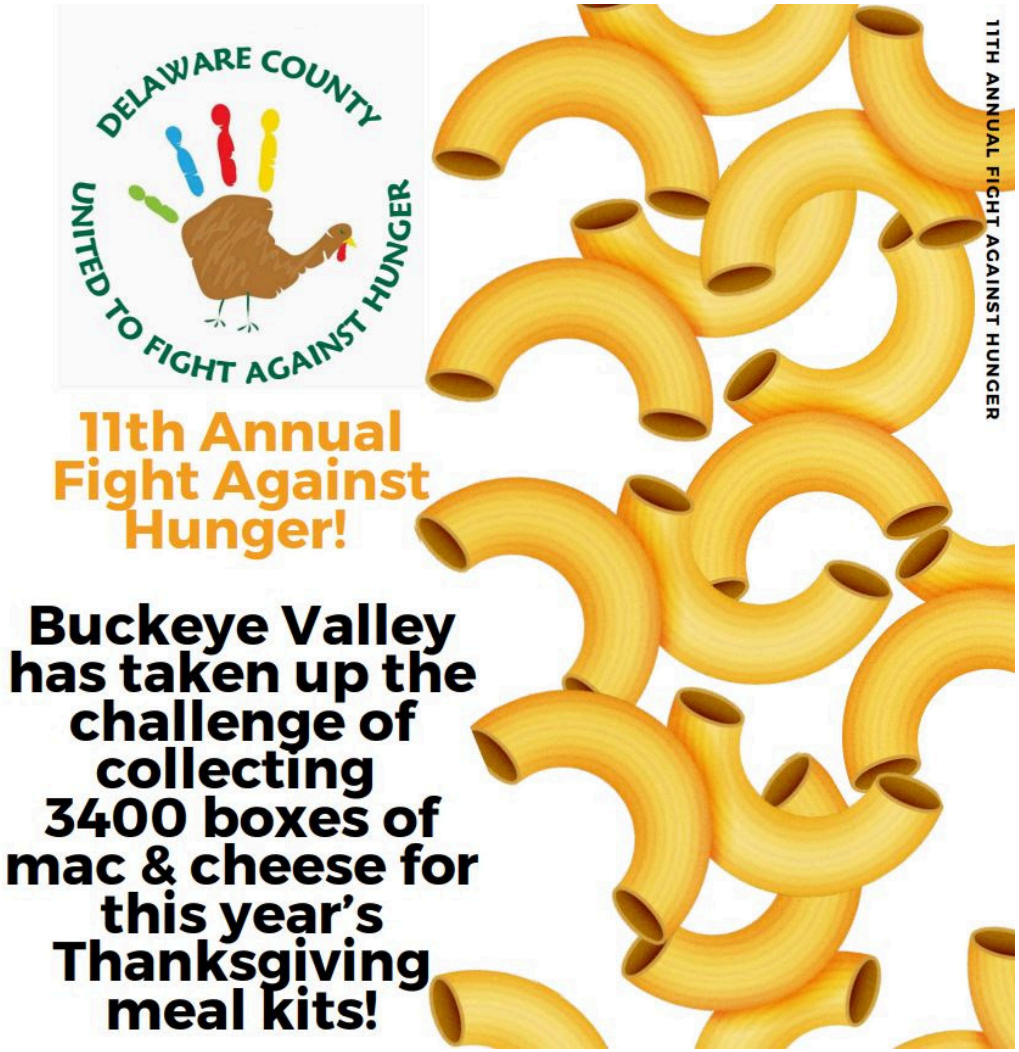

Thank you, veterans, for your service!

Fight Against Hunger Ends Monday, November 17th

Buckeye Valley is very close to meeting its goal of 3,400 Mac & Cheese boxes for the Fight Against Hunger campaign. With just a few more donations, we will meet our goal! **Monday, November 17th, is the last day of the collection**, so be sure to send your donations to school on Monday. Every box counts as we do our part to make sure local families have a warm and hearty meal this Thanksgiving!

Thank you for your support!

Important Update: Streamlining Notifications for Posts

We're excited to announce an improvement to how you receive notifications for posts from our school. Soon, if you use the ParentSquare app and have both app and text notifications turned on, you'll receive post notifications through the app, with text notifications sent only as a backup when needed. This smart delivery system will simplify and streamline how you receive your school communications.

What's changing?

Currently, you might receive duplicate notifications for posts via both the app and text message.

With this update:

- App-first delivery, with text as fallback: When a post is shared, you'll receive a notification through the app first, with a backup text notification only if needed. This applies to posts, post digests, and updates to posts.
- No change for time-sensitive messages: Direct Messages and alerts will continue to be delivered via your preferred methods.

Why it's changing

This change streamlines how you receive post notifications. By reducing the number of notifications sent to your device for each post, it will be easier for you to keep track of school updates in one place.

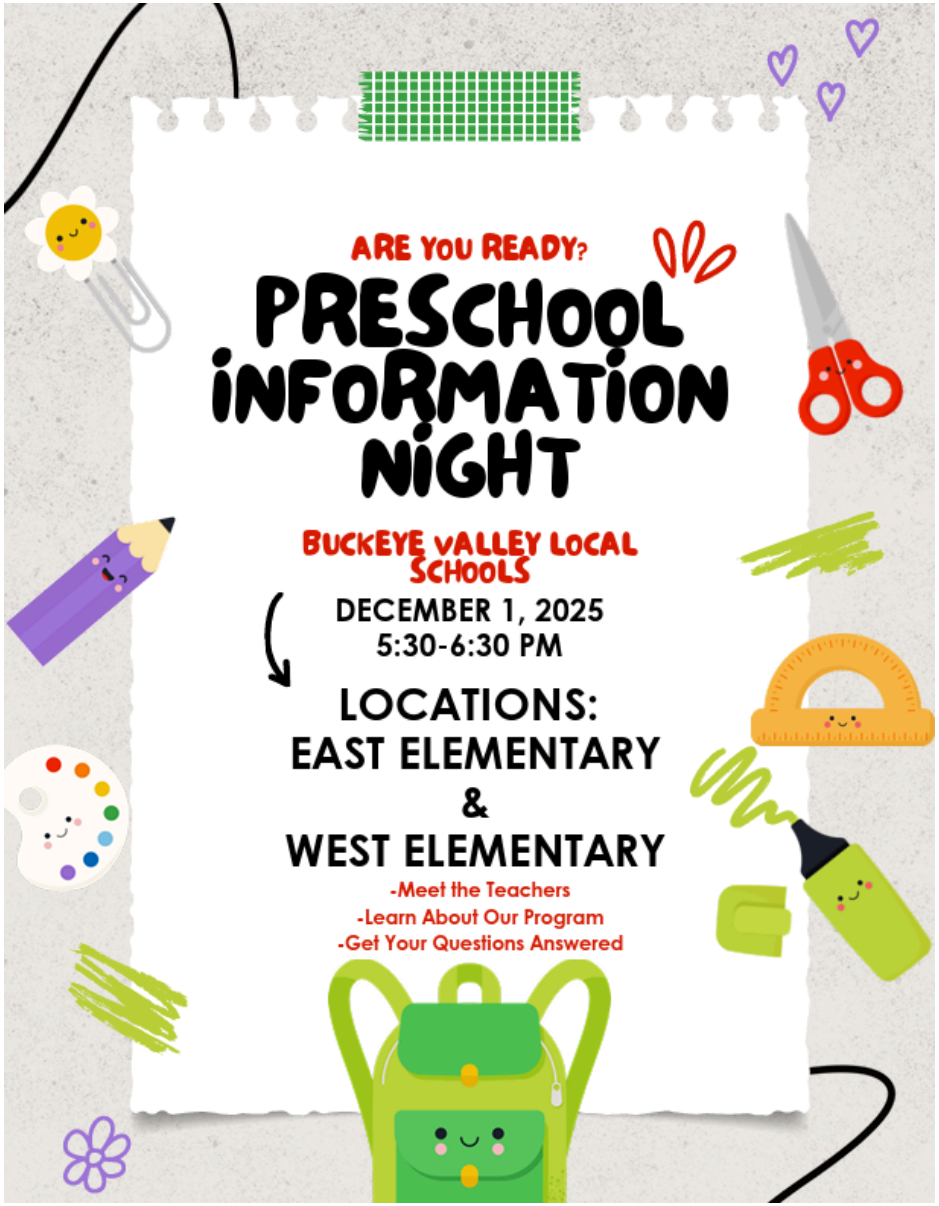

What do you need to do?

No action is required from your side! If you already use the app and have both app and text notifications turned on, you'll automatically benefit from this smart notification delivery.

If you haven't downloaded the ParentSquare app or turned on app notifications, now is a great time to do so. This gives you the best way to access and customize classroom communications on your mobile device.
