Alice in Wonderland - Director's Notes

These past several months have been an absolute whirlwind! From the very first days of our planning process, we knew that this show was going to be special, and our students have proved us right ten times over! The energy and excitement that each of our performers has brought with them onto the stage is incredible, and the dedication our tech and backstage crew have shown is inspiring. There have absolutely been times when I thought that I had fallen down a rabbit hole myself, but the never-ending support of our amazing production staff, who I would be lost without, has helped keep me from going mad. I could not be prouder of our MHSTC students for bringing such a classic story to life in such a fun and beautiful way. So sit back, relax, and enjoy the show... or it could be off with your heads!
