

Dear TCA Community,

TCA's Board of Directors would like to share some highlights from our October 6th Board meeting:

Celebrate TCA

On Monday night, our Board celebrated TCA's Roman Curriculum Day. Third graders across all of our campuses experience this participatory activity led by our Latin V students. Our elementary and secondary students shared highlights from the memorable day, specifically their experiences with the marketplace, battle in the gym, and Roman era food. It was wonderful to hear our high school students express how much they loved investing in our elementary learners and reminiscing about fond memories of when they were in elementary.

Capital Construction

The Capital Construction Committee announced the official groundbreaking of our new East Campus addition as of October 2nd. The new gym and classrooms will support our Titans in their learning journey. Also, we successfully negotiated a guaranteed maximum price with the builder, allowing us to include everything we have envisioned within our Board approved budget. The projected finish will be in August 2026!

Safety and Security Update

Mr. Kevin Pacht, Director of Operations, gave an annual update on the safety/security programs and processes at TCA. He highlighted that safety and security is a top priority for our students and staff. Mr. Pacht stressed his current main concern at each campus was carpool. TCA has designed all our carpools to be efficient and safe for our students, while also being a good neighbor to nearby businesses and residences. We continue to ask our community for flexibility and patience. Also, please follow the defined processes when progressing through our carpools at each campus.

As always, if you have any questions or comments, please email the board at talk2tcaboard@gmail.com.

Have a wonderful day and fall break!

Laura Moffat
Board Secretary
