From the Dean of Students' Desk

Students should not be playing with batteries and paperclips/foil in order to make hand warmers. This is extremely dangerous and can put not only yourself at risk but others around you. They will be confiscated by staff and we will be calling home and sanctions including suspension could be a consequence.

The Student Center is open in the mornings. If you are cold, you can go there to warm up.

Kindness Challenge Activity: Pick up one piece of litter and throw it away.

Be the gravy that makes everything better.
