# ATI PHYSICAL THERAPY SERVICES

**Employees and dependents on the Sheboygan Area School District medical plan are covered at a $0 copay per visit.**

## FOR ACHES AND PAINS, THINK ATI FIRST

Maintaining one's physical health in the current environment is more important than ever, but also ever more complex. At ATI, we can help. While we remain committed to rigorous safety practices in our clinics, we are happy to now offer online physical therapy as well.

ATI CONNECT is a safe, effective way to receive the same quality care you've come to expect, during COVID-19, or anytime you can't visit a clinic. Whether you're recovering from surgery, preparing for surgery or hoping to avoid surgery altogether, ATI CONNECT can help you reach your treatment goals. We've taken the time to design a platform that provides ATI's best-in-class treatments, maintains our consistent care guidelines, and delivers data-driven and predictable outcomes for you.

## CONNECT

### Easily Accessible
Visit a PT with your mobile phone, tablet or computer with no app to download.

### HIPAA Compliant
You are our top priority. Video visits are private and secure.

### Convenient
Home-based treatment ensures uninterrupted program compliance.

### Trusted Partners
Treatment provided by our licensed physical therapists.

***If you're experiencing pain, don't live with it.***

**Call 1-833-ATI-0001 or visit ptfirst.com/sheboygan-school-district to get started.**
