

Evergreen School District Triennial Assessment Completed Spring 2025

In accordance with the [2016 Final Rule](#), schools must complete an assessment of their district wellness policy every three years, at minimum. The assessment must include several components:

Step 1: Comparison to a model School Wellness Policy using the WellSAT

The WellSAT Policy was used to compare the written policy to model standards and assess compliance of LSWP with federal requirements.

Step 2: Local measurement of compliance with School Wellness Policy

The WellSAT Practice was used to assess the implementation of the Local School Wellness Policy and compliance of district practices with federal requirements via interviews with district and school-level personnel.

Step 3: Description of the district's progress toward achieving goals described in the policy

The results of the WellSAT Policy and WellSAT Practice were analyzed and summarized in the Triennial Assessment report, documenting our progress towards meeting wellness goals.

Evergreen SD used the [WellSAT Triennial Assessment](#) tools and worksheets to fulfill the requirements of the Triennial Assessment. Results are detailed on the subsequent pages.
