

ART Contest, Competitions, Exhibits and More...

Jericho is proud to recognize and celebrate the creativity of our K–12 visual artists, and we want to ensure that all submissions reflect the exceptional talent and guidance fostered within our schools. Jericho students interested in submitting artwork for local, state, or national contests are encouraged to have their pieces reviewed and acknowledged by our art faculty or to create their work during school time for potential endorsement. Being selected by these distinguished organizations is a remarkable achievement, and we look forward to celebrating each student’s artistic success.

Important: Below is a list of organizations that provide opportunities for young artists.

“Selected Entry Contests” are only available by *teacher nomination* and based on school enrollment in Jericho Art classes. “Open Entry Contests” can be self-directed and submitted. If your child is participating in a contest not listed below, we strongly encourage them to contact their school art teacher for assistance with registration or guidance on their submission.
