Surveys

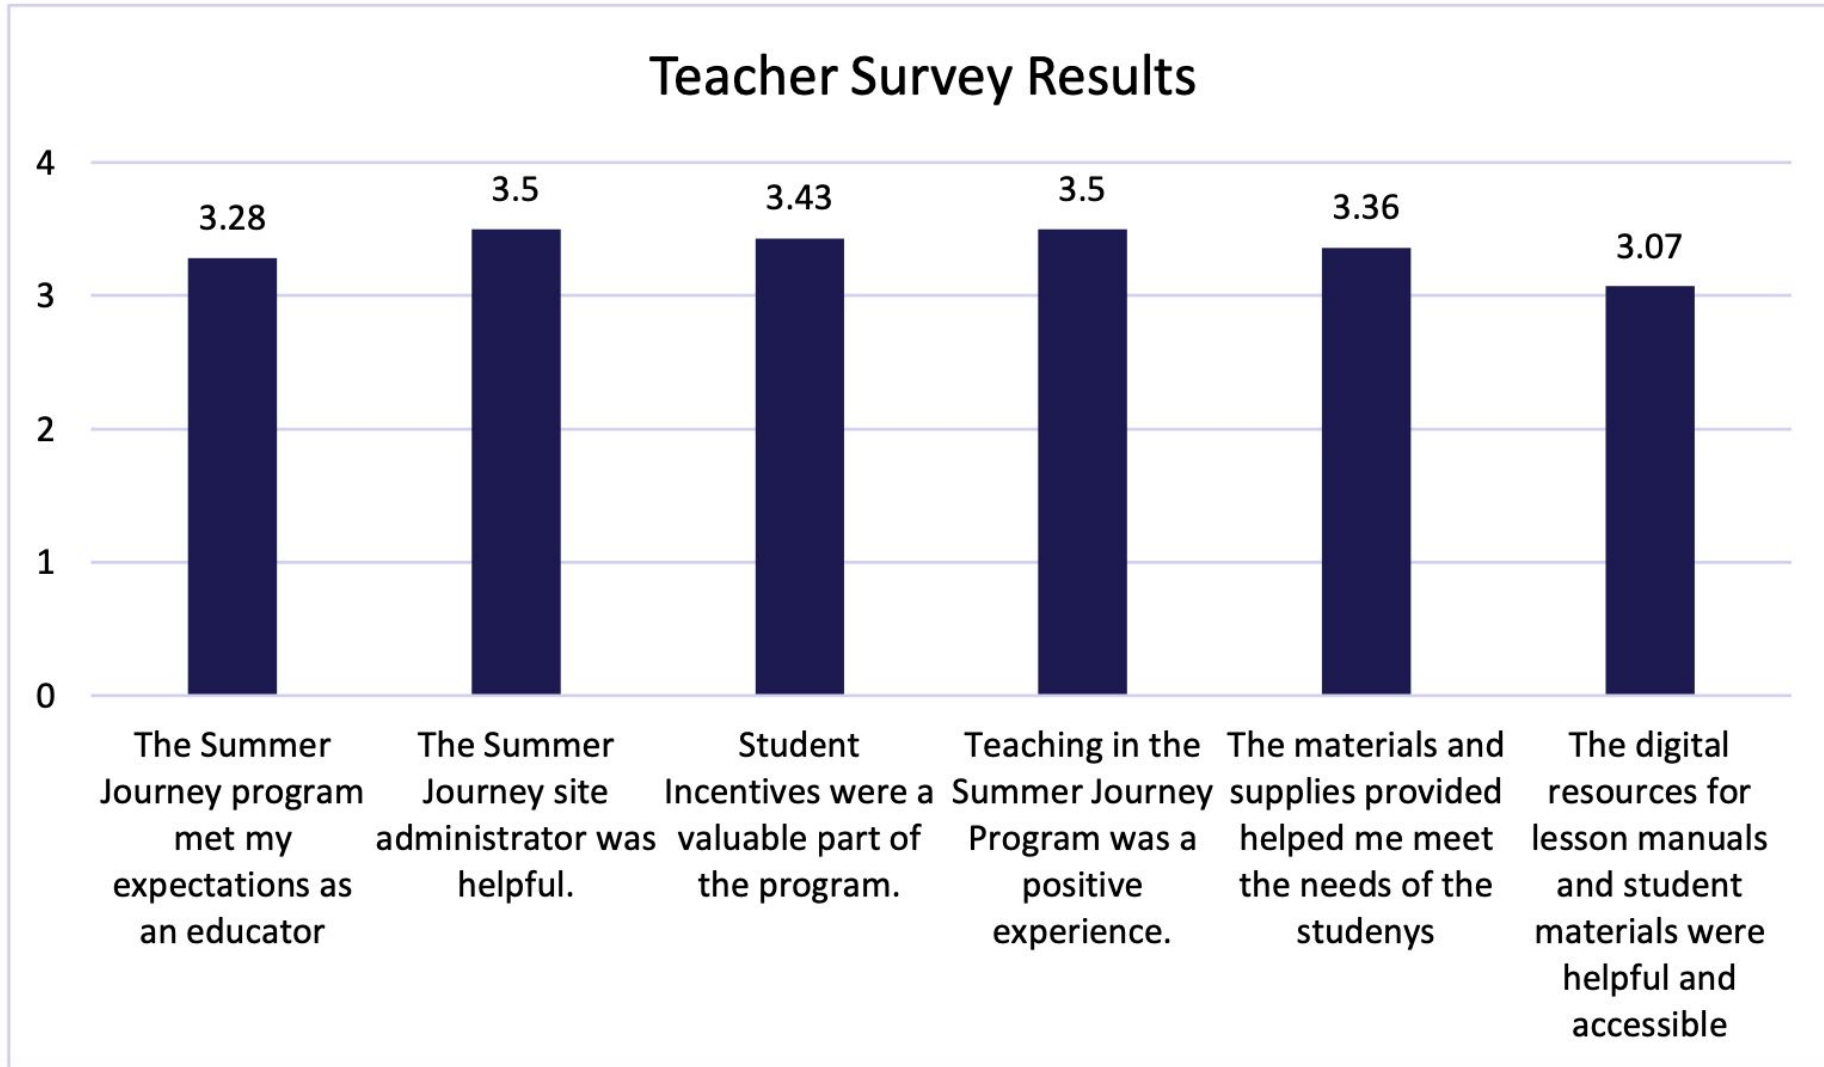

- Surveys were completed by 14 district staff members and 100% agreed that teaching in the Summer Journey Program was a positive experience and they would do it again.
- Surveys were completed by 102 parents, and 99% agreed that they would recommend the Summer Journey Program to other parents desiring quality summer programming.

Parent Surveys

Staff Surveys

Compared to 2024

- Enrollment: +55 students
- Average Daily Attendance: +2.3%
- Parent Survey Responses: +## surveys
- Additional revenue: +\$31,073

High School: Credit Recovery

- 17 students worked virtually to recover credits they were missing
- 22 semester credits were recovered over the summer

High School: Freshman Health

- 49 incoming freshmen students signed up to take Health through our online platform Edgenuity
- 38 of those students successfully completed the course

Planning for 2026

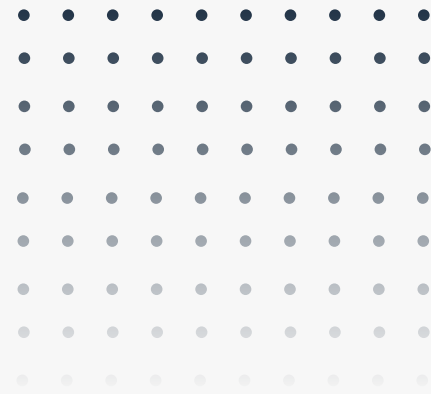

We are excited to be able to continue to feed our students free of charge next summer.

We will continue to communicate with families early and often to increase enrollment/attendance.

Conclusion: Program Successes

- We had 88 students that missed less than 30 minutes of summer school. (27% of kids)
- Students earned \$13,875 in attendance incentives.
- Almost 5 weeks of extra time spent with Holden students!

Thank you!
