Introduction:

Pursuant to Education Code (EC) Sections 35035(g), 42130 and 42131, the Governing Board of each school district is required to certify at least twice a year to the district's ability to meet its financial obligations for the remainder of that fiscal year and for the subsequent two fiscal years. This process is better known as the Interim Report.

EC Section 42130 further requires that each district superintendent review their Interim Report in accordance with State-adopted Criteria and Standards. As provided in EC Section 33127, the Criteria and Standards must be used by districts in developing annual budgets, the management of subsequent expenditures from the budgets and for the monitoring of the district's fiscal stability. The certification will be classified as positive, qualified, or negative, defined as follows: Positive certification means a school district, based on current projections, will meet its financial obligations for the current fiscal year and two subsequent fiscal years. Qualified certification means a school district, based on current projections, may not meet its financial obligations for the current fiscal year or subsequent two fiscal years. Negative certification means a school district, based on current projections, will be unable to meet its financial obligations for the current fiscal year or subsequent fiscal year.

The projections made in the First Interim are based on the 2017-18 State Budget Act and also assumptions provided by San Diego County Office of Education and School Services of California. The 2017-18 State budget provides 1.56% Cost of Living Adjustment (COLA), or an increase of \$110 - \$115 in Base Grants for K-8 school districts. The State Budget Act also includes a one-time discretionary funding equal to about \$147 per ADA. As in the prior year, these one-time funds will offset any applicable mandate reimbursement claims for Local Educational Agencies (LEAs). More importantly, the State Budget includes \$1.4 billion to continue to close the LCFF targeted funding gap. As a result, 43.19% is the gap funding percentage in 2017-18. In the first five years of the introduction of the LCFF, 97% of the gap of this sweeping education finance model has been closed and the full funding is targeted in 2020-21.

Two former state categorical programs, pupil transportation and Targeted Instructional Improvement Grants, continue as separate add-ons to the LCFF. Federally funded categorical programs, such as Title I, II, and III and Federal funded Special Education, remain outside of the new formula.

District's Funds and Budget:

Accounting is the fiscal information system for business. The District's accounting, referred to as Governmental Accounting, is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

In FY 2017-18, there are eight (8) funds in the District accounting system. The District's funds include:

General Fund (Fund 01), Child Development Fund (Fund 12), Cafeteria Fund (Fund 13), Building Fund (Fund 21), Capital Facilities Fund (Fund 25), Special Reserve Fund for Capital Outlay Projects (Fund 40), Capital Project Fund for Blended Component Units (Fund 49) and Bond Interest and Redemption Fund (Fund 51)

GENERAL FUND (Fund 01): This is the chief operating fund for the District. It is used to account for the ordinary operations of the District. All transactions except those required or permitted by law to be in another fund are accounted for in this fund. In the General Fund, there are General Fund Unrestricted and General Fund Restricted.

General Fund Unrestricted: Unrestricted funds are monies received that are not restricted in their use. With the implementation of the Local Control Funding Formula and the Local Control Accountability Plan there is greater emphasis on local control and use of the unrestricted General Fund. The LCAP is a critical part of what makes LCFF work to support student success. Each LCAP is expected to include information about the goals, services, and spending plan that address the needs of all pupils and each significant subgroup. The District has taken steps to identify monies allocated in the LCAP utilizing locally restricted resources.

General Fund Restricted: This is to account for those projects and activities that are funded by external revenue sources that are legally restricted or restricted by the donor for specific purposes. For example, special education funds are restricted. They can only be spent on students with identified special needs and in the manner outlined in state and federal law.

CHILD DEVELOPMENT FUND (Fund 12): This fund is used to account separately for federal, state, and local resources to operate Child Development Programs.

CAFETERIA SPECIAL REVENUE FUND (Fund 13): This fund is used only to account separately for federal, state, and local resources to operate the food service program under Education Code Sections 38090 and 38093.

BUILDING FUND (Fund 21): Also known as G.O. Bond Fund. This fund exists primarily to account for proceeds from the sale of bonds, per Education Code Section 15146, and may not be used for any purposes other than those for which the bonds were issued.

CAPITAL FACILITY FUND (Fund 25): Also known as Developer Fees fund. This fund is used to account for monies received from fees levied on developers or other agencies as a condition of approving a development. The interest earned in this fund is restricted to this fund. The expenditures in this fund are restricted to the purposes specified in agreements with the developer or specified in Government Code Section 65995 et seq.

SPECIAL RESERVE FUND FOR CAPITAL OUTLAY PROJECTS (Fund 40): This fund exists to provide for the accumulation of general fund monies for capital outlay purposes. This fund may also be used to account for any other revenues specifically for capital projects not restricted to fund 21, 25, 30, 35, or 49.

CAPITAL PROJECTS FUND FOR BLENDED COMPONENT UNITS (Fund 49). This fund is used to account for capital projects financed by Mello-Roos Community Facilities Districts and similar entities that are considered blended component units of the LEA under generally accepted accounting principles (GAAP). The Mello-Roos Community Facilities Act of 1982 (Government Code Section 53311 et seq.) allows any county, city, special district, school district, or joint powers authority to establish, upon approval of two-thirds of the voters in the district, a "Community Facilities District" (CFD) for the purpose of selling tax-exempt bonds to finance public improvements and services.

BOND INTEREST AND REDEMPTION FUND (Fund 51): This fund is used for the repayment of bonds issued for the District. Data for this fund is updated annually and comes from the County Auditor-Controller and no data is available for activities in the current period.

ADA/Enrollment History: The enrollment projection and monitoring is critical for the budget development and is an on-going process. It is anticipated that the District's enrollment will remain constant over the next two years. The following chart illustrates the enrollment and ADA history for the last 7 years.

Key assumptions: The multi-year projections for the First Interim utilize the recommended assumptions published by the San Diego County Office of Education and School Services of California. Revenue projections include gap funding for the LCFF as well as consideration of the COLA. Expenditure projections include step and column increases for salaries, as well as those expenditures addressed in the Local Control Accountability Plan (LCAP). Additional amounts have also been included to address the increase in CalSTRS and CalPERS employer rates.

	2017-18	2018-19	2019-20
LCFF Gap Funding	43.19%	39.12%	41.60%
Statutory COLA	1.56%	2.15%	2.35%
One-time Discretionary Funding	\$147 per ADA	\$0	\$0
Projected ADA	4,584.49	4,584.49	4,584.49

Mandated Block Grant per ADA	\$30.34	\$30.34	\$30.34
CalPERS Employer Rate	15.531%	18.10%	20.80%
Cal STRS Employer Rate	14.43%	16.28%	8.13%

Multi-year Projection: The Multi-Year Projection is a required component of the First Interim to demonstrate that the District can meet its financial obligations in the current and subsequent two years. The Multi-year Projection is also an indication of the District’s ability to maintain the required reserve for economic uncertainties for the current and subsequent two years.

The District is projected to meet the required reserve in 2017-18 and the two subsequent years. Following is the multi-year Unrestricted General Fund data:

Other Funds: All other funds are projected to be self-sufficient and will not require General Fund contributions.

Final Note:

The projections of our financial conditions in the current and subsequent two years are indicating that the District will be able to meet its financial obligations and is therefore filing a positive certification. With that said, the District also acknowledges that the projected operations is deficit spending to the tune of about two million a year. A major contributing factor towards the escalating operating costs is the sharp and rapid increase in the employer contribution into the CalPERS and CalSTRS pension system. As recently as 2013-14, the employer contribution rates for CalSTRS and CalPERS were 8.25% and 11.4% respectively. In 2017-18, the employer contribution rates are 15.531% and 14.43%. The bad news is that both rates will continue to climb to close the funding gap. The CalSTRS rate set at 19.1% in 2020-21, and the CalPERS is expected to go up to 23.8%. These rate increases will consume a significant portion of the new funding provided under Proposition 98. In 2018-19 alone, these costs are expected to increase by

about \$1.3 billion. According to the Legislative Analyst Office (LAO), total employer contributions to CalSTRS and CalPERS are anticipated to reach \$10.4 billion by 2020-21, compared to \$3.4 billion in 2013-14.

In addition to the increased operating costs associated with the pension systems, the District is also dealing with other increase such as the step and column and Special Education cost increases that impact the General Fund.

On the flip side, LAO also forecasts a continued expanding economy, there is a good possibility that the education budget will be fully funded in 2018-19 and hopefully with additional funding above the statutory Prop 98 guarantee.

In the midst of all these uncertainties looming over our future, the only certainty is the unwavering determination of our Board of Trustees' determination to maintain financial solvency. Although, there is no immediate action plan to address the projected deficit spending situation, but with the relatively healthy fund balance, the District doesn't want to prematurely make any operational decisions that may negatively impact our students and employees. Rest assured, once more updated information is available and confirm that intervention is necessary, the District will then take the necessary corrective actions.
