Data review

MAP Growth

Tier 1 instruction needs to be strong beginning in Kdg.

33% student transiency rate- many students have not been exposed to structured literacy.

As a district we have work to do regarding Reading MAP data

Climate Surveys

Reviewed data collected for DL.

229 students participated (HIGH)

91 Families (LOW)

*Set Up stations during events for families to complete surveys.

Data Checkpoint

Structured literacy with Ms. Morris (observations and feedback given to enhance structured literacy) will continue.

MAP will be given in December this school year and will be given earlier in the Spring.

Media Center

The Media Center has become the heartbeat of the school.

Many compliments given with all of the levels of engagement.

Books organized by Lexile. The media center has been aligned to support our data.

New books need to be ordered to make available to students. Avg. age of books 2009. Avg. reading level-third grade.

More books for higher lexiles have been ordered.

If additional resources are needed please let Dr. Brown-Miller know as soon as possible.
