

Triad Local School District

Quarterly Learning Report Fall 2025

Dear Community,

As we wrap up the first quarter and head into the holiday season, I'm grateful for the hard work of our students, staff, and families. This Quarterly Learning Report reflects steady progress in classrooms across the district and the strong partnerships that support student success.

Thank you for your continued commitment to our schools. I hope the upcoming holidays bring rest, connection, and celebration for all. We look forward to building on this positive momentum in the months ahead.

If you would like to donate gifts and/or financial support for families in need this holiday season, please contact Mrs. Tera Malone to adopt a family or make a donation.

TRIAD ELEMENTARY SCHOOL

Our Kindergarten students have all been welcomed to the halls of Triad Elementary. Each student received a Class of 2038 shirt as we celebrated our youngest Cardinals.

1st grade students culminated their Human Body CKLA unit with an operating room activity including guest speakers, Jeff Organ and Lanette Johnson. Students also worked with materials provided by Ohio Hi Point.

Our 2nd grade team celebrated the culmination of their first unit on Tall Tales and Fairy Tales with a Paul Bunyan flapjack breakfast. Thank you to Triad FFA for preparing the pancakes.

TRIAD MIDDLE SCHOOL

This year Mrs. Graham has a Makerspace class. This new class allows our students to use everyday household items to make fun and engaging activities. The items below are some of these examples:

KITES!

GIANT
BUBBLES!

3D PRINTER!

ROLLERCOASTERS!

TRIAD HIGH SCHOOL

Exploring Creativity and Innovation

This quarter, Triad students have shown impressive creativity, curiosity, and persistence as they dive into hands-on learning experiences. Guided by the theme of *innovation through exploration*, students have been experimenting with a variety of tools and technologies to bring their ideas to life. From using the 3D printer to design and prototype objects, to learning about circuits, coding, and Ethernet connections, students are developing both technical skills and problem-solving abilities. In addition, they've incorporated artistic techniques to enhance their projects, blending creativity with technology in meaningful ways. Their enthusiasm and teamwork have made the Triad classrooms a vibrant space for discovery and innovation.
