Los Lunas Schools District Report Card

Los Lunas, NM - Los Lunas Schools continues its dedicated pursuit of academic excellence, as evident by the recently released state school designations from the New Mexico Public Education Department (NMPED). This week's designations show that Los Lunas Schools maintained its status in the 2024-2025 school year from the previous school year, with several schools retaining the "Traditional" or "Spotlight" classifications, a testament to the district's stable and focused educational environment.

"This year's results reflect our commitment to the continuous improvement of our schools. It also demonstrates the hard work and dedication of our students, teachers and staff. In New Mexico, school designations help us identify areas of strength and opportunities for growth," says Los Lunas Schools Superintendent Susan D. Chavez.

School	Designation
Ann Parish Elementary	Traditional
Bosque Farms Elementary	Spotlight
Desert View Elementary	Traditional
Katherine Gallegos Elementary	Spotlight
Los Lunas Elementary	Traditional
Peralta Elementary	Traditional
Raymond Gabaldon Elementary	Traditional
Sundance Elementary	Traditional
Tomé Elementary	Traditional
Valencia Elementary	Traditional
Los Lunas Middle School	Traditional
Valencia Middle School	Traditional
Century High School	MRI.Grad
Los Lunas High School	Traditional
Valencia High School	Traditional
Los Lunas Family School Digital Academy	Traditional

LLS, home to 16 schools and approximately 8,000 students, prides itself on a personalized approach to education, strong student support services, and diverse curricular programs.

The district's commitment to high academic expectations is reflected in the measurable student proficiency rates. Los Lunas Schools increased its rates in Math and English/Reading proficiency, while science proficiency was down two-percent, showing that more work needs to be done to improve learning for all students.

"While we celebrate successes, we also recognize the challenges that remain. We have more work to do to improve our four-year graduation rate," says Superintendent Chavez. "We believe that every student deserves the opportunity to earn their diploma and prepare for a successful future. Our work continually focuses on supporting our students throughout their educational journey."

Subject	2023-2024 Proficiency Rate	2024-2025 Proficiency Rate
Math	23% Proficient and Above	24% Proficient and Above
English/Reading	38% Proficient and Above	42% Proficient and Above
Science	30% Proficient and Above	28% Proficient and Above

The proficiency goals and improvement efforts for the 2024-2025 school year signal a focused effort on increasing the percentage of students reaching proficient levels in all content areas.

In addition to core academic subjects, work continues to improve graduation rates across the district. The data shows the LLS four-year graduation rate was at 68.8%, a marginalized decrease from the year before, Los Lunas Schools employs strategies aimed at ensuring all students successfully complete high school, including:

- **Credit Recovery:** Offering courses through computer-based programs for students who have failed core subjects (Math, English, Social Studies, Science).
- **Next Step Plans:** Ensuring every student develops a personalized plan in compliance with state requirements to prepare them for post-secondary education or careers.

Los Lunas Schools remains steadfast in its mission to prepare, empower, and inspire all students to reach their maximum potential. If you would like to view the data for Los Lunas Schools and individual school sites, please go to nmvistas.org.
