Victory Parent Literacy Night

K-3 Parents - We're excited to invite you to attend our upcoming fall parent literacy night. This is an opportunity for you to take a greater role in your K-3 students' education, especially in helping them access the Amira web-based learning program at home. This is one of the tools we use at school to develop your students' literacy proficiency. By helping your child at home, your student will see even greater results at school! If you're concerned that you don't have adequate computer skills to support your child, that's what these nights are for! In addition to literacy, we'll also touch on other areas of your child's education. **The literacy night will be held on Tuesday, November 18th, at 6:00 pm in the Victory Computer Lab.** This session will last less than an hour. (Please note: What your child learns at home with Amira are supplementary lessons and are not to be mistaken as replacements for the direct instruction your child receives every day in the classroom from his or her teacher.)

***Remember, rather than asking if your child's school day was "good," or if they "had fun," ask them specifics, such as: "What's one important thing you learned today?" "What did you read about in your class novel today?" "Who were you able to help today?"**
