Job and Career Search

Occupational Outlook Handbook

If you are looking for a job or career that interests you, or trying to choose a college major, the "OOH" is a great place to start! You can browse jobs in every industry to see what kind of education or training is needed (HS diploma or more), learn about specific duties, typical salaries, and projected growth of the job. Visit bls.gov/ooh

(Don't miss the video link at the top of the web page for more information about how you can use the site.)

Career One Stop

Another great career/job search website is careeronestop.org. You can explore careers, find training, and even search for a job. It also has video descriptions of specific jobs.

College Alternative

Community college is a great place to start if you aren't sure whether or not you want a 4-year program. These schools offer many alternatives, including associates degrees (2 years) and certifications (1 year or less) in specific career fields. Credits can also be transferred and applied to a 4-year degree. Go to the Colorado Community Colleges website at cccs.edu for more info!

Paying for College

Searching for scholarships?

Browse BigFuture.org and careeronestop.org (toolkit) to find a large variety of available scholarships.

FAFSA is Open!

Don't forget to complete the Free Application for Federal Student Aid if you are planning to attend college or trade school.

Many schools now require it!

The application can be found at studentaid.gov.

SAT Practice Sessions

If you are thinking about retaking the SAT, Caprock is offering digital, full-length practice sessions on selected Fridays, starting at 8:30am. RSVP with Mrs. Van Schaick.

Dates: 11/14, 12/12, and 1/16
