

College and Career Readiness

Naviance Lessons

Presented by: Your Friendly
School Counselors:)

What is Naviance?

Introduction

Naviance is a **college and career readiness** platform used by schools to support students as they plan for life after high school. It provides a centralized space for exploration and planning, and tools for:

- **Career Exploration:** Students can discover careers aligned with their interests, skills, and personality assessments.
- **College Search & Research:** Tools allow students to compare colleges, review admissions data, and identify best-fit schools.
- **Application Tracking:** Helps students monitor deadlines, submit documents, and stay organized throughout the application process.
- **Résumé & Portfolio Building:** Students can record achievements, extracurricular activities, and experiences in one place.
- **Counselor Communication:** Enables counselors to share resources, provide guidance, and monitor students' progress.
- **Goal Setting & Progress Monitoring:** Students can create academic and personal goals and track their development over time.
