

Holland Patent Middle School

Middle School Enrollment

Grade 6: 77

Grade 7: 87

Grade 8: 84

Middle School Goals

Goal 1: Academic Excellence

By the end of the 2025–2026 school year, at least 85% of all Middle School classroom lessons will be structured so that a minimum of 67% of instructional time is student-led, and no more than 33% is teacher-led, as measured through regular classroom observations and lesson plan reviews.

Goal 2: Student Opportunities

By the end of the 2025–2026 school year, all Middle School students will participate in advisory sessions at least twice per quarter, with each session focused on essential learning. The goal is to increase student engagement and raise overall academic achievement, as measured by an increase in benchmark assessment scores compared to the previous school year.

Goal 3: Community Connections

By June 2026, we will increase opportunities for community engagement by hosting educational workshops throughout the 2025–2026 school year in collaboration with Connected Community Schools and CFLR, focusing on educational, student, and parent issues.

Middle School Highlights

- **Connected Community Schools**
 - Identifying our students for the mentoring program
 - Resiliency
 - Mindfulness Mondays- Cornell Cooperative Extension
- **Clubs**
 - Yearbook, Art Club, National Junior Honor Society, Math Counts, Technology Club, Makerspace, Forensics and CSI Club, Friends of Rachel, Student Council, Gaming Club, International Club, FFA, Ensembles, Knightly Players, Battle of the Books
- **National Junior Honor Society**
 - 23 students were inducted
 - Stuff the Bus
