Virtual Instruction for Dual Credit Classes

Presented by **Dallas College Learning Commons Librarians**
in cooperation with **Educational Partnerships**

Topics include:

- Research skills and methods
- Citation styles and formats
- Advanced database searching techniques
- Selecting credible and timely resources
- Evaluating the credibility of sources
- General database search practices
- Using information ethically

We are happy to work with instructors to create custom research instruction sessions, tailored to assignments or topics.

Request a session through the QR code below or visiting the following page:

www.DallasCollege.edu/LibraryRequest

Select "Virtual Session" under "Location"

**Please contact a Dallas College Librarian
for more information**
