The Fannin County School System is proud to announce the official adoption of an updated mission and vision, reflecting our continued commitment to excellence, unity, and student success. Developed over the course of a year, our stakeholders worked together to capture the spirit of our school system and its role in our community.

On Thursday, November 13, 2025, during the November Board Meeting, our Board of Education implemented the final step in this process with its approval.

**Our Vision:** *We are Fannin: Empowering Excellence.*

**Our Mission:** *We are Fannin. We are Family. As a community, we will build a stronger future, one student at a time.*

These statements honor the strong sense of community that defines Fannin County while setting a clear path forward for academic growth, support, and opportunity for every student. The school system is grateful to all who contributed their time and insight throughout the development process.

We are Fannin!
