November 13, 2019

To All Interested Parties:

**Subject: Addendum #1 1709 I
Field Trip Software**

Q: For the eSchoolPlus and Bus Boss integration, can further explanation of the expectations of this integration please be provided?

A: Please strike the Bus Boss piece of this request. We use Edulog.

Q: Whether companies from Outside USA can apply for this? (like, from India or Canada)

A: Yes; but must be allowed to conduct business in the United States

Q: Whether we need to come over there for meetings?

A: You may or may not need to do so but keep in mind you will be graded on the quality of the training and timeline of implementation.

Q: Can we perform the tasks (related to RFP) outside USA? (like, from India or Canada)

A: As this is software, you can do this work but keep in mind you are being graded on the seven items listed in the IRFP

Q: Can we submit the proposals via email?

A: Yes, you can as per page one of the IRFP.

Clarification- if there is a need for integration for your product to work; we need it to be able to work with eSchool and Edulog. If your product is stand alone, then you do not need to address this in your proposal.

If you have mailed your submission already, you can sign and return this form electronically.
