ALZHEIMER'S DISEASE AND DEMENTIA

The objective for this interactive session is to provide attendees with insights that may assist in providing care professionally to persons living with Alzheimer's Disease and Dementia. Through participating in this session, participants may be able to reframe challenges and provide some ideas for improved interaction with this population.

Nancy Baranowski, an Occupational Therapist and advocate for those living with dementia will share three different perspectives: professional, client/caregiver, and personal related to her own experiences.

This event is perfect for all members of the MU Community- students, staff, & faculty. Hope to see you there!

Time: 4:00pm to 5:00pm
Date: Thursday, December 4
Location: Sandy and Marlene Insalaco Hall | Room 216
