2024-25 RESERVE PLAN
UPDATED NOVEMBER 2025**

A 814 Worker's Compensation Reserve (GML § 6-j)

Creation – This reserve was created June 30, 2007.

Purpose – This reserve is used to fund Workers' Compensation expenses, related medical expenses and self-insurance administrative costs.

Funding Methods – This reserve is funded through excess fund balance.

Use of Reserve – This reserve will be used to satisfy the District's retrospective liabilities for Workers' Compensation Claims that continue to accrue pursuant to a Workers' Compensation Policy for a prior period coverage from a prior provider (CNA). Under guidance from the District's former insurance agent, the District participated in a "retrospective rating plan" with CNA for its Workers' Compensation and General Liability insurance policies. The structure of this plan essentially obligated the District to self-insure for a portion of its General Liability and Workers' Compensation claims. This arrangement leaves the District with an ongoing financial liability even though it no longer insures itself through this agent or carrier anymore.

Monitoring of Reserve – This reserve is monitored by the Assistant Superintendent for Business.

Funding Level – The amount appropriated into this reserve by the Board must be based on a good faith estimate of the District's exposure to retrospective liability for the open claims. To arrive at this estimate, the District requested and received from CNA a projection of potential future bills, depending on losses. The losses driving the charges under the retrospective rating plan are approximately split as follows: 10% are attributable to General Liability Claims; 90% are attributable to Workers' Compensation Claims. This reserve was initially funded at \$2,114,481.62 June of 2007. The BOE authorized to increase this reserve to an amount not to exceed \$5,750,000 in November 2013. The BOE authorized to increase this reserve to a maximum funding level of five (5) times a four (4) year rolling average in June 2019. The BOE authorized to increase this reserve to a maximum funding level of eight (8) times a five (5) year rolling average to an amount not to exceed \$11,400,000 in April 2023. At this time, the balance is \$9,690,695.23.

**WILLIAM FLOYD UNION FREE SCHOOL DISTRICT
2024-25 RESERVE PLAN
UPDATED NOVEMBER 2025**

A 815 Unemployment Compensation Reserve (GML § 6-m)

Creation – This reserve was created on June 30, 2009.

Purpose – This reserve is used to pay the cost of reimbursement to the State Unemployment Insurance Fund for payments made to claimants where the school district uses the benefit reimbursement method.

Funding Methods – This reserve is funded through excess fund balance.

Use of Reserve – The District subscribes to the benefit reimbursement method, meaning we reimburse the State for actual claims incurred. We do not pay New York State a fixed premium for unemployment insurance coverage. This reserve would serve to cover the District’s financial obligation to pay unemployment benefits which either come up unexpectedly or in lieu of the District making an annual appropriation in its budget for unemployment claims. The initial funding was an amount sufficient to pay full unemployment insurance at the maximum rate (\$405 x 26 weeks) for approximately eleven individuals. Although the budget has had and continues to contain funding for unemployment insurance, this amount is used for relatively small, incidental claims incurred by the District in the normal course of business. Although the District has experienced some layoffs over the past few years, not all have resulted in unemployment expense to the District.

Monitoring of Reserve – This reserve will be monitored by the Assistant Superintendent for Business in conjunction with other central office administrators to assess the potential for incurring unemployment claims.

Funding Level – This reserve was initially funded at \$115,000 June of 2009. The BOE initially authorized funding to a maximum of \$525,000 at that time. The BOE increased the authorization to fund this reserve in the amount not to exceed \$1,750,000 in November 2013. The BOE authorized to increase this reserve to a maximum funding level of five (5) times a four (4) year rolling average in June 2019. At this time, the balance is \$231,568.22.

**WILLIAM FLOYD UNION FREE SCHOOL DISTRICT
2024-25 RESERVE PLAN
UPDATED NOVEMBER 2025**

A 827 Reserve for Retirement Contributions (GML § 6-r)

Creation – This reserve was created on June 30, 2009.

Purpose – This reserve is used to fund employer retirement contributions i.e. any portion of the amount(s) payable by an eligible school district to the New York State and Local Employees’ Retirement System (ERS), **but not TRS**. Effective April 1, 2019 the law allows school districts to establish a retirement contribution reserve sub-fund to include amounts payable to the NYSTRS (TRS) in addition to amounts payable for the local employees’ retirement system (ERS).

Funding Methods – This reserve is funded through excess fund balance.

Use of Reserve – This reserve is used to pay for district expenses to the New York State and Local Employees’ Retirement System (ERS) to ensure that the District can withstand a substantial increase in pension contribution rates without doing so to the detriment of student programs.

Monitoring of Reserve – This reserve is monitored by the Assistant Superintendent for Business.

Funding Level – Future ERS contribution rates have been predicted to increase dramatically and this reserve is funded as another way to ensure that the District can withstand a substantial increase in pension contribution rates. This reserve was initially funded at \$700,000 June of 2009. The BOE authorized funding to a maximum of \$6,500,000 in October 2011 and \$12,425,051 in November 2013. The BOE increased the reserve level to \$14,000,000 in October 2018. The BOE authorized to increase this reserve to a maximum funding level of six (6) times a five (5) year rolling average in June 2019. The BOE authorized to increase this reserve to a maximum funding level of eight (8) times a five (5) year rolling average to an amount not to exceed \$15,700,000 in April 2023 **and in an amount not to exceed \$18,500,000 in October 2025**. At this time, the balance is \$17,211,486.16.

2024-25 RESERVE PLAN
UPDATED NOVEMBER 2025**

A 827.1 TRS District Retirement Contribution Reserve Sub-Fund (GML § 6-r)

Creation – This Reserve Sub-Fund was created on April 16, 2019.

Purpose – This Reserve Sub-Fund is used to offset future required contributions to the New York State Teachers’ Retirement System (NYSTRS). School districts are currently permitted to establish Employee Retirement System (ERS) reserve funds for employees enrolled in the state and local retirement system. These employees account for less than a quarter of school district staff, while teachers account for the vast majority of school employees.

Funding Methods – This reserve is funded through excess fund balance.

Use of Reserve – This Reserve Sub-Fund may only be appropriated to finance retirement contributions to the New York State Teachers’ Retirement System (TRS). By creating a TRS Reserve Fund, districts will have a fiscal safety net for the future that could help avoid staff cuts due to increases in employer contribution rates. This increased fiscal stability will allow school districts to maintain support for educational programs on which their communities depend even when stock market performance is weak and employer contribution rates rise.

Monitoring of Reserve – This reserve is monitored by the Assistant Superintendent for Business.

Funding Level – The moneys contributed annually to the Reserve Sub-Fund shall not exceed 2% of the total compensation or salaries of all teachers employed by the District who are members of TRS paid during the immediately preceding fiscal year. The balance of the Reserve Sub-Fund shall not exceed 10% of the total compensation or salaries of all teachers employed by the District who are members of TRS paid during the immediately preceding fiscal year. Education Law §501 definition of teachers includes principals, superintendents, and teaching assistants. The 2% and 10% caps apply to a district’s total TRS payroll. This reserve was initially funded at \$1,672,361.00 in June of 2019. The BOE authorized to increase this reserve to a maximum funding level of two percent (2%) of the total salaries of all TRS employees paid during the immediately preceding fiscal year and the aggregate balance may not exceed ten percent (10%) of the total salaries of all TRS employees paid during the immediately preceding fiscal year in June 2019. The BOE authorized to increase this reserve to an amount not to exceed \$9,000,000 in April 2023. The BOE authorized to increase this reserve to an amount not to exceed \$12,500,000 in October 2024. At this time, the balance is \$11,905,797.30.

UPDATED NOVEMBER 2025**

A 862 Reserve for Liability Claims (EL § 1709 [8-c])

Creation – This reserve was created on April 18, 2023.

Purpose – This reserve is used to establish and maintain a program of reserves to cover liability claims.

Use of Reserve – This reserve is created by resolution of the governing board and used to pay for liability claims. Separate funds must be established for liability claims and the separate identity of each fund must be maintained. There are no referendum requirements to create the funds or expend money from the funds for liability claims. This school district reserve may not be reduced below total amounts estimated to be necessary to cover incurred but unsettled claims or suits, including related expenses, other than by payment of losses for which such amounts were established. For school districts, payments may not be made for purposes other than those for which the funds were established unless authorized by public vote, except that the school board may authorize use of the reserve funds (other than amounts allocated for unsettled claims or suits including related expenses) to pay premiums for insurance policies purchased to insure subsequent losses in areas previously self-insured, in the event of dissolution of the self-insurance plan.

Funding Methods – This reserve is funded through budgetary appropriations.

Monitoring of Reserve – This reserve is monitored by the Assistant Superintendent for Business.

Funding Level – This reserve was initially funded at a level of \$7,900,000.00 in April 2023, exclusive of interest earnings. For school districts, the total amount of this reserve cannot exceed 3 percent of the annual budget (exclusive of any planned balance presently authorized) or \$15,000, whichever is larger. At this time, the balance is \$7,900,000.00.

6/30/2025 Actual Balance: \$ 7,900,000.00 Recommended 6/30/25: \$, including interest

**WILLIAM FLOYD UNION FREE SCHOOL DISTRICT
2024-25 RESERVE PLAN
UPDATED NOVEMBER 2025**

A 863 Insurance Reserve (GML § 6-n)

Creation – This reserve was created on June 30, 2007.

Purpose – This reserve is used to pay liability, casualty and other types of losses, except those incurred for which the following types of insurance may be purchased: life, accident, health, annuities, fidelity and surety, credit, title residual value and mortgage guarantee.

Funding Methods – This reserve is funded through excess fund balance.

Use of Reserve – This reserve is used for satisfying the District’s retrospective liabilities for General Liability Claims that continue to accrue under an Insurance Policy for a prior period of coverage. This reserve would be used for retrospective payments to the District’s former insurance agent/carrier to worker’s compensation and general liability claims.

Monitoring of Reserve – This reserve is monitored by the Assistant Superintendent for Business.

Funding Level – This reserve was initially funded at a level of \$830,000, exclusive of interest earnings. The Board of Education is permitted to establish an Insurance Reserve Fund and annually contribute to this reserve in an amount not to exceed the greater of \$33,000 or 5% of the budget and would seek to fund this reserve, pending available fund balance, only up to the District’s potential liability. The BOE authorized funding to a maximum of \$900,000 in October 2011. The BOE increased the authorization to fund this reserve in the amount not to exceed \$3,000,000 in November 2013. The BOE authorized to increase this reserve to a maximum funding level to include expenses that would not have been covered by flood insurance if the District were able to obtain coverage for flood damage in June 2019. At this time, the balance is \$3,000,000.00.

**WILLIAM FLOYD UNION FREE SCHOOL DISTRICT
2024-25 RESERVE PLAN
UPDATED NOVEMBER 2025**

A 867 Reserve for Employee Benefits Accrued Liability (EBALR) (GML § 6-p)

Creation – This reserve was created on June 30, 2003.

Purpose – This reserve is used to pay accrued benefits due employees upon termination or service for vacation, sick leave, personal leave etc.

Funding Methods – This reserve is funded through excess fund balance.

Use of Reserve – This reserve is used when an employee separates from the District and payment of accumulated leave is required. These transactions flow through the budget via a budget revision with the offsetting revenue coming from a drawdown of this reserve. This reserve will continue to be used in this manner to make these payments.

Monitoring of Reserve – This reserve is monitored by the Assistant Superintendent for Business. Each year, a detailed analysis of the liability is computed and is used to support the funding of this reserve at 100% of the liability.

Funding Level – This reserve should be funded at 100% of the accrued liability for unused accumulated leave time. The BOE authorized funding to a maximum of \$6,700,000 in October 2011. The BOE increased the reserve level to \$7,832,789 in November 2013. The BOE increased the reserve level in the amount not to exceed \$8,200,000 in September 2016. The BOE authorized to increase this reserve to a maximum funding level of 100% of the liability of the annual calculation in June 2019. At this time, the balance is \$11,480,000.43.

6/30/2025 Actual Balance: \$ 11,480,000.43 Recommended 6/30/25: \$, including interest

Note: It is recommended that the amount deemed “overfunded” remain in this reserve. Originally intended to offset the GASB 45 liability, it should be retained for that purpose, should enabling legislation be authored. It has been recommended that the definition of this reserve simply be expanded to include GASB 45 liabilities. In 2017 GASB 45 was replaced with a new standard GASB 75.

2024-25 RESERVE PLAN
UPDATED NOVEMBER 2025**

A 878 Capital Reserve (ED § 3651)

Creation – This reserve was created by voter approval on May 17, 2016 (proposition #2).

Purpose – This reserve is to be used for the purpose of financing in whole or in part, the cost of authorized alterations, construction, reconstruction, renovations, and/or replacement of School District facilities, buildings and/or additions and related infrastructure systems, including related site work, health and safety improvements, heating, ventilation and air conditioning, and replacement and/or refurbishment of athletic fields.

Funding Methods – to be raised by the transfer of excess funds from the School District’s Contingent Fund established pursuant to the Suffolk County Tax Act and/or unassigned fund balance, in such amounts as shall be determined annually by the Board of Education.

Use of Reserve – Voter approval is required to spend from this reserve. Expenditures must be specific i.e., to purchase school buses, facility construction, equipment, etc. Annual appropriations to fund this reserve require further authorization by the voters.

Monitoring of Reserve – This reserve is monitored by the Assistant Superintendent for Business.

Funding Level –The funding of this reserve is in a maximum amount not to exceed \$5,000,000.00 and with a probable term of ten (10) years, commencing on June 30, 2016 and ending on June 30, 2026. Additional funding of this reserve (2021 Capital Reserve Fund) was created by voter approval on May 18, 2021 (proposition #3) in a maximum amount not to exceed \$6,000,000.00 and with a probable term of ten (10) years, commencing on July 1, 2021 and ending on June 30, 2031. Additional funding of this reserve (2022 Capital Reserve Fund) was created by voter approval on May 17,2022, (proposition #2) in a maximum amount not to exceed \$5,000,000.00 and with a probable term of ten (10) years, commencing on July 1, 2022 and ending on June 30, 2032 **and in an amount not to exceed \$30,000,000 in October 2025** . At this time, the balance is \$ 28,213,422.13

2024-25 RESERVE PLAN
UPDATED NOVEMBER 2025**

A 878.1 2024 Capital Reserve (ED § 3651)

Creation – This reserve was created by voter approval on May 21, 2024 (proposition #2).

Purpose – This reserve is to be used to pay costs of masonry upgrades, plumbing upgrades, electrical upgrades, mechanical upgrades, technology upgrades, telephone upgrades, roof replacement on District buildings, door replacement, window replacement, turf replacement, fencing, site work, including but not limited to paving, curbs and sidewalks, renovation/reconstruction/construction of interior and exterior instructional and/or athletic spaces, abatement of hazardous materials and/or the purchase of furnishings/equipment .

Funding Methods Voter approval authorized to raise \$10 million dollars to fund such capital reserve fund in the current (2023-24) or future years through various sources including, but not limited to, (i) amounts from budgetary appropriations; and/or (ii) unappropriated fund balance made available by the Board of Education; and/or (iii) authorized transfers from other available reserves in accordance with existing law; and/or (iv) New York state aid received and made available by the Board of Education.

Use of Reserve – Voter approval is required to spend from this reserve. Expenditures must be specific i.e., to purchase school buses, facility construction, equipment, etc. Annual appropriations to fund this reserve require further authorization by the voters.

Monitoring of Reserve – This reserve is monitored by the Assistant Superintendent for Business.

Funding Level –The funding of this reserve (2024 Capital Reserve Fund) is in an amount of up to \$10 million dollars (plus interest earned thereon), having a probable term of ten (10) years. At this time, the balance is \$ 10,194,000.00

2024-25 RESERVE PLAN
UPDATED NOVEMBER 2025**

A 882 Repair Reserve (GML § 6-d)

Creation – This reserve was created June 30, 2015.

Purpose – This reserve is used to pay the cost of repairs (that do not recur annually) to capital improvements and equipment.

Funding Methods – Voter approval is required to fund this reserve. This reserve is funded through excess fund balance or other available funds.

Use of Reserve – Public hearing is required (except in an emergency) before spending from this reserve. This reserve is used for the purpose of funding major repairs to District buildings and facilities and the sites thereof. Establishing this reserve will allow the district to address districtwide repairs, with voter approval without fluctuations in the annual tax levy. It will also help with the long-term fiscal stability of district operations and educational programs. Expenditures from this reserve may be made only after a public hearing has been held, except in emergency situations. If no hearing is held, the amount expended must be repaid to the reserve fund over the next two subsequent fiscal years.

Monitoring of Reserve – This reserve is monitored by the Assistant Superintendent for Business.

Funding Level –The funding of this reserve is not to exceed \$5,000,000.00. At this time, the balance is \$ 31,109.66.

A 882.2 2025 Repair Reserve (GML § 6-d)

Creation – This reserve was created by voter approval on May 13, 2025 (proposition #2).

Purpose – This reserve is to be used for the purposes of paying for repairs to capital improvements or equipment of a type that does not recur annually or at shorter intervals.

Funding Methods – Voter approval is required to fund this reserve. This reserve is to be funded with current (2024-25) or future years budgetary appropriations or other revenues not required by law to be paid into other funds or accounts.

Use of Reserve – Public hearing is required (except in an emergency) before spending from this reserve. This reserve is used for the purpose of funding major repairs to District buildings and facilities and the sites thereof. Establishing this reserve will allow the district to address districtwide repairs, with voter approval without fluctuations in the annual tax levy. It will also help with the long-term fiscal stability of district operations and educational programs. Expenditures from this reserve may be made only after a public hearing has been held, except in emergency situations. If no hearing is held, the amount expended must be repaid to the reserve fund over the next two subsequent fiscal years.

Monitoring of Reserve – This reserve is monitored by the Assistant Superintendent for Business.

Funding Level –The funding of this reserve (2025 Repair Reserve Fund) is in an amount up to \$5 million dollars (plus interest earned thereon), having a probable term of ten (10) years. At this time, the balance is \$ 5,000,000.00.

6/30/2025 Actual Balance: \$ 5,000,000.00 Recommended 6/30/25: \$, including interest
