VI. Special Presentations to the Board

Dr. Bernardo gave a presentation on the NJ Assessment tests results. He explained that this was a new version of the NJSLA exam. With regards to the testing rates, he explained that it is nearly all students. He also mentioned that he could not report on groups of less than 10. For the tests, Dr. Bernardo explained the scores that needed to be achieved in math and ELA.

Mr. Lederman then spoke about the High School test scores. He felt that student test scores were improving overall.

Dr. Bernardo then spoke about East Brook and West Ridge. He spoke about the new reading programs which he indicated are very helpful. He also sees progress in Math and Science scores. He acknowledged that some areas still need work and indicated that the district is working on those.

Mr. Stokes then spoke about the East Brook scores. He indicated that the results are analyzed to try and understand what areas need work. He praised the Basic Skills staff for the great work they do with students. He also mentioned how proud he was of his students.

Ms. Connolly reviewed the sub-group information. She felt positive about the growth she is seeing in some areas.

Dr. Bernardo pointed out that Park Ridge beats the State average significantly in almost all areas. He mentioned that the reason for the weak showing in Algebra 1 is that most students have Algebra earlier in their High School career at Park Ridge which makes the testing group for that category smaller and with students who were struggling with it before. Still, he explained, the district is seeing improvement in that area.

Dr. Bernardo then discussed the Science testing. He explained that the format was difficult to understand. He also pointed out that a large number of the State does not meet this standard. He also stated that since students know it is not a graduation requirement, they may not be as focused on it.

The Dynamic Learning Map (DLM) was discussed. It is an alternative assessment given to students with significant intellectual disabilities. Less than 10 students participated in the testing in 2025. As a result, the data cannot be shared.

Dr. Bernardo then spoke about a new test which will be administered this year. It will be the NJSLA-A with the added "A" standing for adaptive. He explained that the theory is the test will change based on responses. He also stated that there were still a lot of unanswered questions with regards to how it will be done.

Ms. Conforti then spoke about the programs which are going on at Park Ridge. She mentioned on-going literacy and Phonics training. She also stated that the staff will continue to use DIBELS in grades K-6.

Dr. Bernardo spoke about the Amplify program. He explained that this was the first year they are using it. He explained that it is used to help students learn to read.

Dr. Benardo then took questions. A parent asked about having more math programs. Dr. Bernardo indicated that the district is looking to use what they have right now but more effectively.

Ms. Ballaera added that they are doing professional development in the areas of Math and Science. They are also using small group time to zone in on struggling students. A parent commented that she was grateful to the district. She explained that she has a dyslexic child and was thankful for the differentiated instruction. She also praised the multi-sensory program. Ms. Ballaera stated that those programs are not going away. She commented that new teachers coming out of college are not taught how to teach younger students to read. Once trained, they do not want to give that up.

A parent commented that the math done now is a lot different than they are used to. They asked how they could help their child with their work. Dr. Bernardo commented that they are looking into getting more information out to parents in that area.

Dr. Gamper thanked Dr. Bernardo for his presentation. He also thanked the administration and teachers for coming out. He stated that at Park Ridge, we do not teach to test preparation. They follow the curriculum, do the test and move on.

VII. Hearing of Citizens

Hearing of Citizens will be restricted to three minutes per person for a total of fifteen minutes for comments on agenda items only. The Board bears no responsibility, nor will it be liable for any comments made by the public. Please be advised that all comments are maintained as a matter of public record.

Ms. Turpin asked about item E10. She wanted to know what the process will be for filling Mr. Fisher's seat. She asked if a decision will be made prior to the election. She commented that an informed public makes the best decisions.

Mr. Bradler stated that the Board is still discussing that and will have a schedule at the end of the week

Ms. Agoos commented that they are using the Election date as a benchmark.

Mr. Bradler stated that information will be published on the district's website. There will be a meeting, each board member will ask a question, they will go into private session to discuss and then come out and vote in public.

VIII. Student Representative's Report - none

IX. President's Report

Mr. Bradler thanked Dr. Benardo for his presentation. He also thanked the teachers and administrators. He commented that he is enjoying a strong start to the sports season. He thanked the coaches for all their hard work.

X. Superintendent's Report

HIB Update

Dr. Gamper stated that there was only one HIB since the last meeting at West Ridge. He thanked parents for attending back to school nights. He reported that the Theater renovation is moving along. The Board met with the architect and asked him to make some adjustments. The topic of school security has come up. The district is working to enhance coverage. Several blind spots have been brought to our attention.

He then wished all the sports teams the best of luck.

XI. BOE Committee Reports

The Policy committee met on 10/7. They discussed updating policies in district.

The West Ridge playground construction will start the first week in November. Dr. Gamper congratulated the West Ridge PTO for its fund-raising efforts, achieving so much in such a short period of time. They hope to have it open by Thanksgiving.

XII. Supplemental Agenda - None

Supplemental resolutions, if any, will be available the night of the meeting.

XIII. Consent Agenda

Ms. Browne asked about the status of the group in motion BG7. Mr. Wright indicated he would check into it but believed the group was non-profit.

A motion was made to approve the consent agenda. The motion passed as follows:
