Fine Arts - Theatre w/ Mrs. Hughes

What We Are Learning - Theatre

Our GMS Theatre I and II students are diving into a creative challenge — turning their favorite song lyrics into original monologues! Students are analyzing lyrics, transforming them into stories, and bringing those words to life through performance. It's an exciting blend of creativity, storytelling, and connection to their ELAR skills! Meanwhile, our Production Theatre class is hard at work preparing for the UIL One Act Play Contest at Stephenville High School on January 30th! The cast is developing dynamic, believable characters while the tech crew designs lighting, costumes, props, and set pieces to make the show shine.

Rehearsals are kicking into high gear — and we can't wait to share it all during our upcoming Friends and Family Night! Stay tuned for more details and come support our talented theatre students as they bring the stage to life!

Talk About Learning

Take in some live theatre! Looking for a fun family outing? Take the crew to see some live theatre magic right here in Godley! Our very own Chapelhouse Studios puts on amazing performances featuring talented students from our community — including many from Godley ISD!

It's incredible to see our students light up the stage, building confidence, creativity, and friendships along the way. Come cheer them on and experience the excitement of local theatre — you might just discover your family's new favorite weekend tradition!

Help

If students could use some extra support writing their monologues or want a little coaching to boost their acting skills, I'm here to help! They're welcome to make arrangements to stop by during morning tutorials or reach out to me anytime by email. I'm always happy to help ease those pre-performance nerves and build their confidence on stage!
