What We Are Learning

Careers - Careers is learning about job and college prep (Applications, Resumes, Financial Aid, Citizenship & Volunteering)

Leadership - Students will be learning about general manners & table manners.

Tech Apps I - Students will be starting their unit on HTML coding next week. Students will be working to code a basic 3 page website. We just finished up block coding and created some great music. I was proud of how great things sounded and the hard work put into them.

Tech Aps II - Students will be learning the fundamentals of Graphic Design in Tech Apps,

Important Information

Careers - Please check grades weekly.

Leadership - Pease check grades weekly.

Tech Apps I - Please bring a pencil, leave log, and wired headphones daily. Parents can also see our work daily by having their child login and show them Google Classroom.

Tech Apps II - The week at a glance is posted every week in Google Classroom, in the Classroom Stream. If you have not been receiving Weekly Parent Emails, please review message that was sent out for email confirmations and follow up at your earliest.

Talk About Learning

Careers - talk with your child about what career they are interested in. Discuss what qualifications you would need to qualify for that career, salary, location of employment, etc.

Leadership - We would love for you to practice table manners at home with your student. They should know how to properly set a table and proper table manners for informal and formal eating...they can practice setting the table for Thanksgiving.

Tech Apps I - Students can study block coding vocab here: https://play.blooket.com/play?hwId=6908c384fe20e04debab77de

Tech Aps II - Please disscuss the importance of typing practice. Practice with email using proper formatting. Begin working with students to review the High School Course Catalog in preperation for discussion with HS counselors to setup next years schedule.
