

Jadie Kieft
Executive Director of Special Services

Dear Northville Families,

Welcome to the 2025-26 school year! The Northville SEPAC (Special Education Parent Advisory Committee) is continuing to connect with parents on matters that pertain to the education and safety of our students with disabilities.

Here are some ways you can become involved and make Northville SEPAC stronger:

Join our Special Services Listserv:

Go to <https://listservs.northvilleschools.org/listserv/subscribe.asp> and check the “Special Services” box under “District Information”. Parents and/or guardians of children who receive any type of special education services through an Individualized Education Program (IEP) are welcome.

Attend a SEPAC Meeting:

Meetings will be held quarterly. We are currently in the process of scheduling meetings for the 24-25 school year. Once posted, you can find them [here](#) on our website: <https://www.northvilleschools.org/apps/pages/SEPAC>

Become a Northville Building Rep:

These individuals disseminate information from the Northville SEPAC meetings (which includes information from the Wayne RESA PAC). Topics relating to Special Education will be presented at SEPAC meetings. Building Reps provide support to a wider parent community and disseminate pertinent information to parents of special education students throughout Northville Public Schools. If you are interested, please fill out the [SEPAC Committee Application](#). Come join us as a Building Rep! We would love your input and help in growing our PAC!

Send us a note:

If you are interested in learning more regarding the information that is discussed at the Northville or RESA PAC meetings or just want to talk with another parent, please contact us directly. If we can help, we will. If we can't answer a question or meet a need, we will help direct you to the correct person or access the right resources.

Best wishes to your family.
Sincerely,

Mandee Ordaz, WCPAC Rep.
