Honors Course Expectations

Students earning an Honors level credit receive an elevated number of Quality Points for their Grade Point Average. Students choosing the Honors level course should be aware that this Honors level course will include:

- Required extension opportunities that are directly related to the Standard Course of Study. This includes additional content beyond that which is covered in the College Preparatory Level.
- More challenging coursework and assessments. Students will be expected to demonstrate higher levels of understanding for grades.
- Projects and presentations will be more in depth.
- Students will have to focus and study regularly to master the content.
- The expectation that students can move through the coursework at an accelerated pace and students experiencing difficulty should quickly seek guidance from their teacher on how they can be more successful.

Acceleration

Progress through an educational program at rates faster or at ages younger than conventional. Accelerate learning for students who are mastering/or could master the content standard(s) at a faster pace.

Differentiation

Instruction and curriculum that offers students materials and work of varied levels of difficulty with different levels of assistance and may include various types of grouping, as well as classroom environment

Extension

Instruction designed to broaden the understanding of a particular standard by adding rigor, depth and complexity. Extend a curriculum standard in a subject area by providing a task that delves deeper and is more complex.

Enrichment

Learning opportunities that enhance a student's interests and talents through creative and academic exploration. Enrich a content standard by providing activities that appeal to student interests and social/emotional well-being.

College Information

NC College Connect is a program that provides a simpler and faster way to get admitted to college in North Carolina. **s - College Applications NC College Connect**

If you're a senior at a North Carolina public high school with a weighted GPA of 2.8 or above, **and you meet the NC College Connect requirements**, you are automatically admitted to select North Carolina colleges and universities. All you need to do is submit a form to accept your admission—it's easy!

Students will be matched to a select list of participating NC College Connect colleges and universities based on their weighted GPA and meeting NC College Connect requirements. While some students may be eligible for direct admission to all institutions, others will not.

Students will still need to pay the application fee if required for each college. Students are encouraged to submit their NC College Connect forms during College Application Week, October 20-26, 2025, to avoid application fees for most participating colleges. For more information on requirements and specifics on colleges participating go to this website <https://www.cfnc.org/nc-college-connect/>. If you have additional questions reach out to your counselor.
