EXPANDED LEARNING AT COLLINGWOOD SCHOOL

We have put together this Co-Curricular Guide to help you navigate all of the incredible offerings that we have for your children to get involved in for Term 3.

Co-curricular activities go hand-in-hand with academics. They provide meaningful and challenging experiences outside the classroom that spark curiosity and increase the feeling of belonging. Students are able to find their passions and interests, learn to communicate effectively with their peers, engage in meaningful community service and embrace experiences that allow them to be their best selves. Participation in co-curricular activities, service initiatives, social events and our house system are all integral parts of student life that foster a caring and inclusive culture at our school.

Our students have the ability to add to or extend their day to expand their horizons with our co-curricular activities. The catalogue of options varies throughout the school year, and students can choose from a wide variety of Athletics, Explore Zone (formerly known as Intramurals), teacher-led Clubs, as well as Beyond the Bell after school programmes. Our specific offerings are always evolving and changing each term.

Athletics

At Wentworth we offer a variety of sports throughout the year. We have three athletic seasons; Fall, Winter and Spring. The Spring season starts after Spring Break until late May. All information regarding specific team details can be found on the [Wentworth Athletics website](#). The passkey is: CWsports.

Grade 6 & 7 Explore Zone

Formerly known as 'Intramurals', these activities are offered to grade 6 & 7 students during late start on Wednesday mornings from 9:30am to 10:30am. An email is sent to parents one week before a new session starts so they can sign-up for their desired activity. Activities represent the Four Strands (arts, athletics, academics and service learning) and some include friendly competitive House Games.

Clubs

Clubs are run by our faculty and staff to allow students in K-7 the opportunity to pursue special interests, develop new talents and foster their leadership potential. These activities are usually offered at lunch recess or after school.

Beyond the Bell

Collingwood's after school program 'Beyond the Bell' provides students with engaging learning opportunities across the Four Strands to further their development in the classroom. These programs are offered by our trusted 3rd party providers and vary by term and age groups. Beyond the Bell programs are not included in tuition and are subject to an extra fee.

Musical - Moana Jr.

Grade 6 & 7 students are busy rehearsing for the upcoming performances on May 19-20, 2026! Stay tuned for ticket sales information in April.
